<p>This allotment will also allow Board of Alders' delegates and staff to attend National League of Cities Conference and trainings held each year. The NLC meetings take place in November and March of each year.</p> <p>Occasionally, throughout the year there are other conferences and trainings for Alders such as those sponsored by the Connecticut Conference of Municipalities and other entities. Both the information disseminated at these sessions and the meetings with other cities' representatives on a national level have proven invaluable to our legislative process.</p>

<p>This account is necessary to continue to advertise public hearings and meetings of the Board of Alders' committees as required by law in the local newspapers. Last year there were 124 committee meetings and numerous working group or other miscellaneous organizational meetings each requiring notice to the public. One of the Board of Alders goals is to increase public participation and awareness of the legislative process and this is enhanced by advertising in multiple publications. As a result of the amendment to the rules of the Board allowing these meeting to be posted in online newspapers this line item remains reduced from previous levels. However due to statutory restrictions to publish certain items in the print edition of the newspaper and the increasing costs to do so it remains level funded for this year.</p>

This account is necessary for payment of contracts, maintenance agreements, and subscriptions. To broadcast full board meetings on cable television's public access channel, the Board contracts with a provider of this type of service (currently Citizens Cable Coalition and CTV work with this office to produce the meetings.) To broadcast 23 meetings and occasional special meetings in the past the estimated cost based on past figures is \$175 per meeting. This activity works to the goal of the Board of Alders to encourage public information on local government and city issues. Now these meetings are also livestreamed and on youtube and on zoom which has added costs for subscriptions and storage and will also be integrated with legistar for public access

Contractual agreements also provide for legal and expert assistance on retainer (i.e. translators or entities with special expertise such as zoning and contracts) to the Board of Alders on an as needed basis as determined by Board President or Leadership. These allocations are an estimate since it depends on what particular issues arise during the year. There will be a need for counsel for redistricting and charter revision as well as other issues that may arise. Funds will be used for consultants and professional services including but not limited to lawyers, finance professionals, demographers, statisticians, and other staff necessary for the purposes of assisting in the effectuating of charter changes code of ordinance amendments, the Civilian Review Board and related associated training and any implementation assistance for any recommendations needed to implement changes and the Civilian Review Board managing consultants continuing services and for various working groups and taskforces.

This account pays for the yearly maintenance agreements and repairs for all audio visual and office equipment including typewriters, computers, printers, folding machine, tablets, ereading devices, surfaces and the Legistar annual agreement, cell phones et. al.

This account also pays for the subscriptions in the past it included local newspapers, and the annual subscription to the International Municipal Lawyers Association ordinance service in order to keep the Alders and staff current on local, state, and national matters and funds for municode services

City protocol requires that the Board of Alders and the Office of Legislative make provision for ceremonies, receptions, and expressions of sympathy and out of pocket expenses of staff members for committee meetings and board of alders meetings and special occassions and recognition.

In 2021 there 138 meetings. This account covers not only coffee, donuts, bagels, apples, and drinks for late meetings, but also occasional pizza, sandwiches and drinks for early evening meetings as well as food and miscellaneous items for special occasions and events for alders and staff a. It is estimated that on 40 occasions food will be needed for meetings. This fund also includes supporting additional funding for cameras, the

The amount of this request includes the fees due during this fiscal year as part of a multi-year subscriber agreement, approved by the Board of Alders on August 3, 2020, with Thomson Reuters, a West Publishing Corporation (a digital legal research resource), commenced September 1, 2020 and expires June 30, 2021 with three (3) one-year options to renew.

This line item also includes annual book subscriptions and annual purchases to the library, mainly updates to existing resources. In addition, the funds requested are used to pay the annual user fees for the Public Access to Court Electronic Records (PACER) system, an electronic public access service AND the E-Filing System to the state & federal judiciary's centralized database. PACER is NOW required by state & federal rules for attorneys practicing in both State & Federal Court.

The requested funds are used to pay for fees charged for the services of outside counsel in cases where the City has a duty to provide a defense for itself or for an employee. Outside counsel are also necessary to represent the City and/or an employee in the event of a conflict of interest with the City or the Corporation Counsel's Office. With the increase in case activity due to the courts reopening after COVID-closures, a greater need for the service of outside counsel may be necessary in FT 2022-2023.

The increase in funds requested represent the additional need for services of outside counsel anticipated to defend the City of New Haven in residential and commercial tax appeals as result of the 2021 municipal tax revaluation. Based on prior experience, tax increases as the result of revaluation will lead to an increase in the filing of tax appeals. Additional funds are also needed to represent the City in police misconduct cases due to the retirement of the Senior Assistant Corporation Counsel who had handled these matters in the past.

This expense category is intended to provide for required training and continuing education including the following:

- 1.) Annual Assessor's School for advanced assessment training; it represents an investment in our employees, ensuring they are the most knowledgeable in the field, and priming them for advancement opportunities.
- 2.) Statutory compliance (Sec. 12-2; 12-40a & 12-55) and adherence to City Charter in regard to education and training requirements for the Assessor, managers, and staff as prescribed by Office of Policy & Management;
- 3.) Required continuing education and legal requirements for maintenance of OPM required designations & those required by the Assessor's Office job descriptions; many of these designations, including Connecticut Real Estate Appraisal Licenses, require re-certification every two years (Required USPAP and Appraisal law courses).
- 4.) Attendance of periodic Assessor's meetings to share knowledge

The Assessor's Office is dedicatied to offering education and advancement opportunities to its employees, many of whom must maintain specific designations and certifications through the attendance of seminars and continuing education for credit-hours.

It is also imperative that the assessors maintain memberships to the professional organizations and associations of our peers, so as to keep New Haven on par with other large cities, obtain discounts on reference materials, maintain good intra-state working relationships and remain ahead of the curve in regard to new assessment practice and adherence to changing guidelines.

This account covers costs for the maintenance of all five buildings. This includes the contract for janitorial services and service agreements for fire alarm systems, HVAC, elevator maintenance, other life safety systems. This funding is also for all general repairs to buildings and fixtures internal and external.

The Library had greater than expected costs due to Covid-19 pandemic and the level of cleaning that we committed to to keep community and staff. safe. Moreover, the janitorial services is expected to increase by three percent or to accommodate the livable wage. The Library hopes to address the shortages to the fixed costs that they are experiencing.

The purpose of this agency is to receive, record and index all land transaction which take place within the City of New Haven. Mandated by Connecticut General Statutes, it is our responsibility to record and provide suitable indexing systems for all documents received. We must also maintain said indexes and images as well as satisfy the public's needs. Services are rendered on a contractual basis. Whenever there is an increase of buying/selling in the housing market, the number of documents recorded in this office can dramatically increase. We also ensure that our records viewed electronically via the internet are current. A Legal Services line has been added.

Funds will be used for interns, temporary staff, and election help as needed. With a staff of five full time employees, we rely on interns to help with the vast amount of records we are required to maintain. We anticipate busy election season and staff away on leave during the peak of election season. With these funds we are able to continue the prompt and efficient service to the public of daily duties during busy election seasons with allotted funds.

### BUDGET REQUEST JUSTIFICATION

**Enter below, a detailed justification for this line item budget proposal.**

Beginning in fiscal year 2018-2019, election payroll for poll workers and other payroll expenditures have been moved to 50136 (PT Payroll) for better accounting

Based on funding for the Municipal Election which has increased because the State has mandated the cities and towns to pay replacement costs for supplies. The expenses include software/hardware for tabulators, moving and set-up of equipment and computers operators to assist in taking in results after the election. Also included in election expense is the cost for the preparation of vote by phone equipment, examining of voting machines, setting up polling places, and other duties and requirements mandated by Connecticut General Statutes.

All Elections

**ANNUAL CANVASS:**  
We are mandated to conduct an annual canvas to contact every elector per CGS, Sec. 9-32 and Regs. 9-32-1 thru 9-32-9.

**MISCELLANEOUS:**  
Other items needed by registrar of voters including advertisement, materials and supplies, repairs and maintenance and other items or contractual services needed for elections.

Duties of two (2) General Registrars of Voters include travel to convalescent homes, hospitals, elderly housing complexes, factories, high schools and special voter making session sites to enroll new voters; at convalescent homes, take absentee applications and then return, with ballot for supervised balloting. Registrars are required, when requested, to pick up absentee ballots from housebound electors and voters in convalescent homes or rest homes in other towns for delivery to Town Clerk for primaries and elections.

During the period before all elections and primaries, the Registrars are required to visit all polling locations. On Election Day, Registrars must be on call to visit the polling places from 4:30 a.m. to investigate and resolve any problems that may arise prior to the opening of the polls and throughout the day.

Also included in this account is money needed to cover mileage to attend conferences, workshops, and meetings called by the Secretary of the State for Registrars and voting machine examiners.

Mandated CGS:  
9-6, 9-6a 9-16, 9-17, 9-19 1-140b, 9-159, 9-159r

The State no longer pays for Voting Machine Maintenance beginning on July 1, 2014. This account will be used for maintenance/repairs, supplies, maintenance agreement and other items as needed related to voting machines.

Currently, Registrar of Voters is utilizing LHS services for these services.

This account will also be used to pay for other office expenses related to elections.

Funding is requested for any and all travel/other related expenses for the Chiefs, and the Department. This includes conferences and any training related travel expenses.

Historically, expenses associated with travel have exceeded the budgeted amount in this line, but funds were taken from 12011010-56694. In FY 20, the 12011010-56694 budget was reduced to increase the travel lines, to help the City more easily track travel expenses.

By virtue of their positions, the Chief of Police and the Assistant Chiefs, must be members of several organizations such as the Connecticut Chiefs of Police, International Association of Chiefs of Police, and subscribe to various periodicals and publications to keep them abreast of current matters related to the performance of their duties.

We also need funding to continue staff membership and conference registration for organizations which provide continuous specialized training and updates in the field of crime prevention and community policing opportunities.

Anticipated expenses related to Registrations, Subscriptions and Dues: IACP, CPCA, NESPIN, PERF, FBI LEEDA, FBI, COPSA, SCCJA, and SCCOP.

New Haven has a long standing commitment to supporting the South Central Criminal Justice Administration and its various projects from which New Haven benefits. Funding requested covers the membership assessment and SCCOP scan channel maintenance fees.

Funds are being requested for various types of trainings throughout the year to keep up to date with police standards and best practices. Below are examples of some of the trainings that NHPD may need in FY 23:  
 Some known trainings and training vendors that the Department participates in are:  
     PERF  
     FBI-LEEDA  
     CT Chapter IAAI (Arson Investigation)  
 Department employees are frequently trained at UNH Henry Lee Institute, including those being promoted to Detective and supervisory ranks.  
 State of Connecticut POST trainings range from \$75 to \$300.  
 Other various training opportunities for the following specialized units:  
 SWAT  
 Internal Affairs  
 Accident Reconstruction  
 Crisis Negotiation Team  
 Special Victims Unit  
 Intelligence

Multiple instructor certification courses are needed throughout the year to maintain Instructor status for Academy Officers. These certifications are necessary for both in-house trainings and recruit academy class training. Having the ability to training officers in-house is a cost savings for the City.

Public Act 20-1 An Act Concerning Police Accountability requires departments to attain CALEA accreditation. CALEA offers Accreditation Manager and various other training courses that may be needed to successfully complete the accreditation

<p>Funds are being requested for part-time help for the NHPD including but not limited to internships for those interested in becoming New Haven Police Officers. The New Haven Police Department strives to recruit as many people from the community to be police officers as possible. Funding for this budget line is requested as part of an ongoing mentorship/job pipeline opportunity for youth to connect with NHPD Officers starting with the PAL and continuing through the Explorers/Junior Cadet Program and finally to a paid internship at the NHPD, where hopefully these individuals who have shown an interest in policework will go on to apply for the position of Police Officer for the City of New Haven.</p> <p>This request and goal aligns with Public Act 20-1 An Act Concerning Police Accountability which requires the following:            "If a law enforcement unit serves a community with a relatively high concentration of minority residents, the unit shall make efforts to recruit, retain and promote minority police officers so that the racial and ethnic diversity of such unit is representative of such community. Such efforts may include, but are not limited to: (1) Efforts to attract young persons from the community such unit serves to careers in law enforcement through enrollment and participation in police athletic leagues in which police officers support young persons of the community through mentoring, sports, education and by fostering a positive relationship between such persons and police officers, the implementation of explorer programs and cadet units and support for public safety academies;"</p>

This budget line is requested to cover a variety of expenses, including but not limited to, the following:

Rent for 2 Substations: Whalley Avenue and Bella Vista

There are several medical exams the department is required to provide either due to labor union agreements, state law or department rule: Random drug testing for Elm City Local Police Union, Drug Testing per State of CT Public Act 20-1 An Act Concerning Police Accountability and other exams/testing as needed such as fitness for duty exams, lead testing, etc.

The Police union contract requires the Department reimburse officers, upon approval from the Board of Police Commissioners, for personal items damaged in the line of duty up to a maximum of \$250.

Meals/snacks/water may be required for occasions such as visiting dignitaries, committee meetings, training sessions, etc. and for extended police details/operations where employees are not permitted to take breaks.

The Police Department, in accordance with the Department's General Orders, aims to hold annual award ceremonies and other award ceremonies in line with the Department's and Police Accountability Act's goal of retaining officers. Expenses include but are not limited to, recognition plaques, medals and certificates, booklets, food and venue. Due to the pandemic the PD has not be able to hold the annual award ceremony. Costs have varied over the years.

Public Act 20-1 An Act Concerning Police Accountability requires police departments to attain The Commission on Accreditation for Law Enforcement Agencies (CALEA) accreditation. The first step of the accreditation is to enroll and start the Self Assessment Phase. The Self-Assessment phase costs \$16,125. Upon completion of the Self-Assessment (0-3 years) there is an initial fee of \$5,580 and then an annual continuation fee of \$5,000. (\$16,125 - \$21,125)

An increase is requested in this line for FY 22-23 to cover new expenses required by Public Act 20-1 An Act Concerning Police Accountability and to cover the increased costs for services and commodities we have been seeing since the onset of the pandemic.

Funds are requested to maintain the Police Department's managed youth programs, including the Police Explorers/Junior Cadet Program. More than ever, NHPD officers need to be involved as role models for New Haven's youth by guiding them in educational and recreational programs and activities. Expenses for these programs include, but are not limited to, membership dues, travel expenses, and activity fees. Police sponsored clubs and tournaments, to include but not limited to; any sport games/programs including attending games, junior police activities, swim programs, jiu-jitsu, judo, tutoring, track meets and all other opportunities for New Haven children who might not otherwise have these experiences. Funds are requested to supply new and replacement uniforms for the junior police program participants, as well as, any activities, programs, and sports. Uniforms are important to the youth in establishing pride and a sense of identity.

Public Act No. 20-1 An Act Concerning Police Accountability requires that law enforcement units "make efforts to recruit, retain and promote minority police officers so that the racial and ethnic diversity of such unit is representative of such community" and cites police athletic leagues and explorers programs as examples.

<p>These funds will be utilized for repairs, maintenance, cleaning supplies, PPE and other related items for our facility at Wintergreen Avenue. The indoor range requires maintenance at various intervals. NHPD has worked with Engineering to establish an annual maintenance schedule that includes HVAC maintenance, re-commissioning, and backstop cleaning. Examples of items needed to keep the indoor range clean and users protected include, but are not limited to, bag filters, HEPA filters, vacuums, vacuum filters and liners, Tyvek suits, nitrile gloves, masks and a variety of specialized soaps and detergents for lead removal.</p> <p>An increase in funding for this line is requested to cover the increased cost of the backstop cleaning of the indoor firing range. The vendor used for this cleaning in FY 20 and FY 21 has retired. All other vendors NHPD reached out to charged approximately \$10,000 more for the service. This pricing difference is due to the cleaning process. The FY 20 &amp; FY 21 vendor did much of the work by hand, whereas all other vendors we found in the industry to quote use specialized machinery. In FY 22 NHPD reached out to vendors nationwide for quotes and also reached out to local indoor ranges to see what vendors they used. While the cost increase for the service is significant from what we paid in the past, it appears to be the standard price for the service. The requested funding increase is also expected to cover the rising costs of items and shipping that have been seen as a result of the pandemic.</p>

<p>This account is used to cover overtime expenses incurred throughout the fiscal year which is mandated by Union contracts and FLSA standards for both sworn and civilian personnel. The main drivers of Police overtime have been staff shortages, and incident response and investigation.</p> <p>State and federal mandates, and laws also impact Police overtime. For example, TSA regulations require that NHPD provide officers for checkpoints at Tweed now that the airport has expanded and it is expected that the state of CT will soon require NHPD personnel to perform fingerprinting duties that are currently being performed by a 3rd party vendor. Public Act 20-1 An Act Concerning Police Accountability has and will continue to impact overtime. Staff needs to spend significant time ensuring NHPD is in compliance with all requirements, including but not limited to, CALEA certification, policy updates, recruitment efforts, etc. where not only will overtime be incurred directly for these tasks, but backfill overtime will also be needed to cover shifts that would have been covered by the officers completing these additional or increased duties. At least in the short-term, there will be an increase in training hours, which will further impact staff shortage overtime. With the expansion of FOIA-able documents and additional camera requirements, FOIA requests will increase along with the cost of fulfilling those requests.</p> <p>As of October 2021, NHPD has 323 sworn members compared to 347 in October 2020, 358 in October 2019 and 409 in October 2018. Realistically, the Police Department could lose another 20 to retirements and resignations by July 1, 2022. As predicted last year, the significant decrease in sworn staff members from FY 19 to FY 21 directly impacted overtime. Looking at FY 22 compared to FY 21 the PD is down 24 sworn staff, and fully funded sworn positions have been cut to 391. If funding to those cut positions is not restored in FY 22, then even if the PD were able to fill all the fully budgeted positions, there would still be 18 less sworn personnel than in FY 2019.</p> <p>The FY 23 overtime request is based on the FY 22 average with a 5% increase to account for the additional staff shortage anticipated for FY 23. Although the Police Department will be hiring 20-30 recruits in December 2021 and hopes to have another class hired by the end of FY 22, it</p>

This budget line is requested for the Police Department's radio system and various other service and maintenance agreements including but not limited to internet searches, the digital phone system, gunshot detection systems, rental/lease vehicles and other agreements necessary to support police operations and investigations.

Radio communication is the primary form of communication when officers are conducting operations and responding to calls so it is imperative that the system be maintained.

Computer/software technology has become essential to modern policing. As the police department upgrades and replaces equipment, some of these expenses come with yearly maintenance costs.

Funds in this budget line are requested for equipment items including but not limited to the following:

The Narcotics Enforcement Unit conducts numerous investigations annually. Collection and separation of evidence is critical to a successful disposition. To facilitate that process, plastic bags in assorted sizes are required beyond the standard Department sealable plastic bags which are designated specifically for narcotics substances. Typically, items seized during an investigation may range from pieces of paper for documentation, to assorted weapons, to drug paraphernalia both small and cumbersome. In addition, the Narcotics Enforcement Unit, the Criminal Intelligence Unit and the Patrol Division conduct many on site narcotics tests thus necessitating the purchase of Sirchie Field Test Kits.

Items funded within this account include scuba equipment, electronic devices and unusual consumables utilized by the Hostage Negotiating Team, chemicals and X-Ray film used by the Bomb Squad and armor and weapons used by the SWAT Team, their needs are serviced by this account.

Funding is being sought to continue a replacement program for the office furniture, all types of filing and storage containers, fitness equipment, electronic office equipment and other items in various Units thereby enhancing the operating efficiency of the Department and reducing the maintenance costs and down time of these machines which are used in many cases on three shifts, seven days a week .

Funds in this category are utilized primarily in two ways. First, the Department is required through the collective bargaining agreement to supply the employees with a variety of equipment items i.e. weapons, holsters, mace, handcuffs, flashlights, etc. Funding permits the supply of these items as initial issue and then the replacement of such lost through consumption, loss, breakage and age. Secondly, this account purchases items used in conjunction with the Emergency Services weapons arsenal.

Medical supplies are purchased to treat injuries to employees and the public. Areas utilizing these supplies include our Building and Maintenance Units, the Training Academy, the Emergency Service Units, etc.

Also, the Narcotics Enforcement Unit and Criminal Intelligence Unit are both required by the courts to photograph the scenes of search warrant locations, drug seizures, and vehicles and weapons seized. In addition, undercover operations and surveillance require video taping of the operations.

Substations currently in existence have become a Mecca for neighborhood children. The officers have also recruited adults and other older children to run recreational projects for younger children. Supplies are needed for these activities.

Funds are needed for items at our (10) Substations.

The Department currently possesses several hundred portable radios, numerous pagers and flashlights. All require different batteries and some are rechargeable batteries and are utilized 24/7/365. The life expectancy of such a battery is one year (experience has proven this figure accurate).

Also, funds for all types of ammunition, service weapons, and emergency services units supplies to supplement equipment line

<p>Despite the advent of valuable audio-visual (including interactive disk) technology, the printed word is still a major resource for municipal police educators. The Division of Training and Education develops, writes and needs printed a wide variety of materials for all its programs and projects. For the entry level recruit academy, we need training manuals and general orders printed and bound. For academy graduation programs, academic achievement awards and plaques and diplomas are necessary. Promotional examinations require the compiling, printing and binding of large booklets of suggested reading materials. The yearly in-service training program is based on printed materials devised and collected by the training staff and all adjunct faculty and are provided to each officer. Educational seminars, conferences and events are open to the department and community members alike; printed conference materials and press packets for participants and speakers are a key component of the educational experience.</p> <p>Also large amounts of printing will continue to be done in the Department's printing shop.</p> <p>Our Police Officers make extensive use of the flyers, brochures ,etc. on crime prevention, as well as providing tips on public safety, how to avoid becoming a victim of a crime, auto theft prevention, block watch, children's safety and personal safety for senior citizens. In addition, we produce a weekly bulletin and crime statistics which are sent out to hundreds of people. Funds are requested to purchase in-house printing and duplicating materials such as ink, paper for fliers and brochures, special notice forms etc..</p> <p>The Department currently possesses approximately twenty five copy machines within various units. All machines are heavily utilized due to the General Orders, Resource Manuals, as well as extensive paperwork associated with an operation that records all its activities and disseminates such data to the courts and other interested parties. While the department possesses its own printing press and prints the vast majority of forms and documents, the price of paper, ink/printer cartridges and chemicals continues to escalate. Also, each substation is equipped with a copier supplies.</p> <p>The Department also possesses a printing press with which the agency prints the vast majority of forms utilized. At times, this press however cannot produce all the documents and some multi-page forms. These unique forms must be printed by outside vendors. In addition, arrests are causing a larger demand on all forms and evidence envelopes. Funds requested in this line item permit the acquisition</p>

<p>Our police vehicles are in a 24-hour/ 7-day application and are subjected to the greatest risk of damage through accidents. The department is very aggressive in seeking to minimize at-fault accidents and in recovering payment for such damages. But in many cases the damage is not covered by liability insurance because the offending vehicle is either uninsured or under insured. Therefore the department is left with repairing the vehicle. In the event the vehicle damage is substantial and requires the frame to be straightened. We also have to solicit for those services from an auto body vendor and then complete any remaining repairs in-house. Additionally auto glass repairs, and flat tire road service are also done for vehicles. Periodic increases in the cost of replacement parts and services, as well as expansion of the fleet are major causes for increases in this budget.</p> <p>Our fleet consists of passenger cars, light and medium duty trucks, Emergency Service vehicles and motorcycles of various makes and models. Preventive maintenance is performed on all vehicles at 2,500-mile odometer intervals excluding our motorcycles, which occur every 1,000 miles. An important factor is that we are also adding more vehicles to the fleet each year. Another important point to consider is that these vehicles have extended idle time, especially with the patrol cars. Historically the average accumulation adds approximately 2/3 more odometer miles to a vehicle. Adequate preventive maintenance is the key to enhancing safety and longevity of service to the city.</p> <p>These funds purchase among various items such as: tires, brakes, filters, ignition parts, steering and suspension components, cooling system and other related items. The evolution to computerized engine and body controls, anti-lock braking systems, air bags, and passive restraints has helped to significantly reduce accident related injury. However, the cost to repair vehicles has increased because of this technology. We are told to expect annual price increases of 3 to 5 percent making, but we are continually seeking the lowest possible prices from vendors. However, since the onset of the pandemic prices have increased significantly. There is also a shortage of new vehicles available, which means our existing fleet will need to be maintained longer.</p> <p>In maintaining our fleet, some specialty shop tools and equipment are also required and periodically need replacement.</p> <p>OSHA related safety items are also purchased for our staff, which includes; breathing apparatus, filters, safety goggles, fire extinguishers etc..... Items requested should be replaced yearly.</p>

Dry dog food is required for the general nutritional maintenance of the dogs cared for at the Animal Shelter. Approximately 209/50 lb. bags of dry dog food are used per year.

Approximately 60 cases of canned dog food are used per year.

In addition, approximately 13 cases of canned cat food are used per year.

Specialty food is needed for animals with allergies, nursing mothers, birds, small mammals and livestock.

Approximately 208 bags of cat litter are used per year.

Please be aware that this budget line was increased for FY 20-21, but the actual food expense for the Animal Shelter has been fairly consistent throughout the years, with the Animal Shelter special fund line covering the overage. However, the pandemic has impacted the flow of animals in and out of the shelter, as well as the price and availability of food.

Currently, Hearst Media does not charge for most of these required advertisements. Funding in this budget line is primarily for the following Animal Shelter expenses:

1. Veterinary Services - Services on a weekly basis and corresponding FY 22 rates: \$75 commute charge per vet visit, \$125 hourly vet rate, \$50 per euthanasia; Plus Emergency Needs
2. Emergency Medical Services - Provided by Veterinary Hospital.
3. Alarm System - 24 hour monitoring station via digital communicator for the alarm system.

From FY 16 to early FY 20, NHPD was able to find a veterinarian that offered significantly reduced rates compared to other service providers. However, the business was sold during FY 20 and NHPD was unable to find similar pricing.

<p>The Police Department expects to have 11 Police K-9s during FY 2022-2023. The food expenses for 4 of these 11 K-9's are expected to be covered by special funds. The food and accessory purchases for the remaining 7 dogs (including 2 bomb dogs who are food reward trained) are averaging about \$1,200 per month. This is up significantly from the recent past due to the impact COVID-19 has had on the pet product supply chain.</p> <p>Police K-9s provide crucial assistance to officers on a daily basis and increase both public and officer safety. The NHPD K-9s are highly trained in tracking and detection. These skills are used to locate missing persons, suspects, barricaded individuals, evidence and contraband.</p>

<p>Veterinary services for the NHPD police K-9s. NHPD expects to have 11 Police K-9s during FY 2022-2023. However, at this time, it is expected that special funds will cover the vet expenses for 4 of the 11 K-9s. The veterinary services for the remaining 7 K-9s will be paid from this budget line. One of these 7 K-9s has a known chronic condition that requires specialty care when the condition flares up.</p> <p>From FY 16 to early FY 20, NHPD was able to find a veterinarian that offered significantly reduced rates compared to other service providers. However, the business was sold during FY 20 and NHPD was unable to find similar pricing.</p> <p>Police K-9s provide crucial assistance to officers on a daily basis and increase both public and officer safety. The NHPD K-9s are highly trained in tracking and detection. These skills are used to locate missing persons, suspects, barricaded individuals, evidence and contraband.</p>

<p>The Department has been mandated by State statute to conduct specified levels of training to all sworn police officers. Such requirements directly relate to the City's liability on related issues. Funds are utilized for ammunition, targets, training equipment and other equipment. As of 11/1/90, the Municipal Police Training Council does not provide ammunition for our recruit training programs and this cost must now be added to our in-service needs.</p> <p>The indoor firing range requires special low level lead/lead free ammunition. This line will also fund the duty ammo:  Pistol Duty Ammo  Rifle Duty Ammo  SWAT/Sniper 308 Ammo  Indoor Range Pistol Ammo  Indoor Range Rifle Ammo</p> <p>In addition to training with live ammunition, the Police Academy also conducts Scenario Based Training which requires special training ammunition.</p> <p>Qualification Targets and staples are also needed.</p> <p>This line will also fund TASER expenses. In FY 21 the department entered into a contract that will require an annual payment of approximately \$60,000 a year to cover TASER cartridges, batteries and training equipment for 350 users. If the Department is successful in increase their sworn employee count beyond 350, this expense will need to be increase accordingly.</p> <p>Any remaining funds will be made available for other department equipment needs as they arise.</p>

As of FY 21, some of the Repairs and Maintenance, and Building and Ground Maintenance lines have been consolidated into Central Services Repairs and Maintenance to more efficiently address and track maintenance needs for the Police Department.

Expenditures include, but are not limited to, HVAC, locksmith, general maintenance and hardware supplies, electrical supplies, plumbing supplies, etc.

Public Act 20-1 An Act Concerning Police Accountability requires police departments to attain CALEA accreditation. Once enrolled in CALEA the PD will work towards achieving compliance status for approximately 207 standards. The 207 standards are a mix of procedure, policy and structural standards. Funds in the line will be used for structural repairs and/or upgrades that are determined necessary during the assessment.

<p>Previously budgeted under 12011010-56694, funds are mostly being requested for expenses associated with recruitment and Recruit training.</p> <p>Because of the numerous vacancies due to retirements and resignations, NHPD often sends recruits to outside academies for basic recruit training, in addition to conducting in-house academy classes of approximately 20-30 recruits. The State of CT POST Academy is currently charging a fee of \$3,800.00 per recruit.</p> <p>The Department is requesting funding for the costs associated with recruiting police recruits. Normal attrition and retirements during the fiscal year makes it necessary to continue the recruiting process in the coming year. These funds will allow for multi-media advertisements and promotions in the area, as well as other necessary services such as psychological and polygraph testing, etc. We are estimating that the cost of the testing process will be:</p> <p>Psychological testing per applicant: \$425</p> <p>Polygraph testing per applicant: \$295</p> <p>An attorney consultant group is needed to provide training classes for our new hires: Police Training Academy Cadets (approx. \$30,000 per class)</p> <p>EMR instruction</p> <p>Although funds have been requested in this line primarily for recruitment, it is likely that other department expenses will need to be deducted from this line as we as we transition Central Services from Administration.</p>

<p>Effective FY 21, the City is moving the Police Rolling Stock from Capital Funds to General Funds.</p> <p>The Police Department needs to continue purchasing Police vehicles to replace older vehicles and for any other equipment/accessories, etc. needed to outfit the vehicles. The 24/7/365 operation places a very heavy demand on all our Police vehicles and our officers need to be able to respond to these calls in a safe vehicle.</p> <p>The Rolling Stock funds requested for Fiscal Year 2021-2022 are for the Department to continue to replace aging vehicles. There is a lot of wear and tear on Police vehicles and a benefit to replacing the vehicles on a reasonable schedule is increased officer and public safety. The Police Department and CAO's office established a replacement cycle of 3 years for a patrol car. In order to adhere to that schedule, 15 patrol cars are budgeted in the request. The Department is also looking to purchase admin cars at a rate of 5 per year. The Fleet also has specialty vehicles, which are due for replacement as funds become available and prioritized by the Chief.</p> <p style="margin-left: 40px;"> 15 Patrol Cars x \$30,000 = \$450,000  5 Admin Cars x \$20,000 = \$100,000  2 Specialty Vehicles x \$50,000 = \$100,000 </p> <p>Whenever practical the PD looks to purchase used vehicles, particularly when it comes to admin cars and specialty vehicles.</p>

This funding is required for repairs and maintenance to vehicles and apparatus including specialized repairs which must be completed by outside vendors because they cannot be done in our shop. Examples of such repairs include: Certain engine repairs, front end alignments, radiator welding repairs, rebuilding of starters, carburetors, water pumps, transmissions, motors, brakes, alternators, outside welding, etc. The increasing sophistication of fire apparatus makes the use of outside vendors more frequent and costly. These funds are also used to complete the OSHA mandated service test of the Department's aerial, hose and pump apparatus.

Funding is also required for stove and refrigerator replacements, miscellaneous overhead door repairs, filter replacements, heating system repairs, electrical parts for repairs, maintenance supplies, generator repairs, etc.

<p>Environmental staff conduct mandatory inspections of itinerant vendors during evening and weekend events, such as Yale Bowl games, street festivals, and concerts on the green. Environmental staff monitor evening and weekend events to ensure there are no unlicensed food service operators for the safety of the residents attending the events. Environmental staff conduct required inspections for temporary food service and catering licenses. Many of these events, such as weddings, operate on the weekends or after 5:00 p.m. If these inspections are not conducted during non-normal work hours, these types of facilities and vendors go unlicensed and uninspected, which could endanger the health of the public. These activities are required by state statute and local city ordinances.</p> <p>Nursing staff may be required to stay beyond their normal working hours to monitor and care for a sick child who is waiting for his/her parent/guardian to pick them up.</p> <p>Health Department Staff may also be asked to work extra hours in response to perform additional work to complete required reports, to ensure compliance with regulatory measures, and in</p>

Throughout the year, Health Department staff assume additional duties either by stipulated agreement or during the absence of their Division Director and/or supervisor. By contract, they are entitled to a pay differential of \$3.00 per hour during these periods. Pay differential is paid to staff in the Administrative Office, Bureau of Environmental Health, Nursing Services, and Vital Statistics divisions. Allocations in prior years have consistently reflected deficits at the end of the fiscal periods.

Staff are required to use their personal vehicles during the course of the work day to complete required work functions. Funds are needed for mileage and parking reimbursement in accordance with appropriate Union requirements.

Also, due to an increase in partnerships with local agencies; colleges; hospitals; and other organizations, more activities and meetings are held at the Health Department where on-the-street parking is scarce.

Funds are needed to support the monthly meetings of the Board of Health. Funds are also needed to send staff to continuing education workshops, trainings, and professional conferences. The Nursing staff requires specific in-service to ensure compliance with state statute screening requirements.

Costs have also increased in this budget area due to the hiring of additional Nursing staff to fill vacant positions. Each new nurse must receive school nurse training to prepare for their jobs.

<p>Funds are requested for an ongoing larvacide program for West Nile Virus and other mosquito borne diseases. These funds will be used to purchase the larvacide to protect New Haven residents in high risk areas of the City. State Statute Chapter 368e, Sec. 19a-213. outlines the Department's responsibility to address mosquito-breeding places. It states "When it has been brought to the attention of a director of health or board of health that rain water barrels, tin cans, bottles or other receptacles or pools near human habitations are breeding mosquitoes, such director of health or board of health shall investigate and cause any such breeding places to be abolished, screened or treated in such manner as to prevent the breeding of mosquitoes. The director of health, or any inspector or agent employed by him, may enter any premises in the performance of his duties under this section." Since FY 19-20 the price of the tablets has increased about 1% a year.</p> <p>Funds are requested to provide for environmental supplies, tools, pool analysis supplies and equipment. These materials are necessary for Environmental Health to be properly equipped to deal with events concerning public swimming pools, bathing areas and general environmental health issues. Supplies such as thermometers, dishwasher test kits in addition to pool testing supplies are to be purchased.</p> <p>Funds are requested for callibration of devices used for measuring the intensity of noise, music and other sounds. The sound level meters are used by Police and Health Department staff. The meters must be callibrated annualy to ensure accuracy of measurements.</p>

Lab Coats are needed for the Public Health Nurses and Health Department Clinic as Personal Protective Equipment (PPE). This is required by OSHA for protection against blood borne pathogens. This provision is also stated in the Local 884 Union Contract. New Public Health Nurses will require lab coats and current Public Health Nurses may require replacements due to normal wear and tear associated with their work.

The Occupational Safety and Health Administration (OSHA) requires that employers protect employees from workplace hazards that can cause injury or illness. Controlling a hazard at its source is the best way to protect workers. However, when engineering, work practice and administrative controls are not feasible or do not provide sufficient protection, employers must provide personal protective equipment (PPE) to employees and ensure its use. PPE is equipment worn to minimize exposure to a variety of hazards. Examples include items such as gloves, foot and eye protection, protective hearing protection (earplugs, muffs), hard hats and respirators. On May 15, 2008, a new OSHA rule about employer payment for PPE went into effect. With few exceptions, OSHA now requires employers to pay for personal protective equipment used to comply with OSHA standards. The final rule does not create new requirements regarding what PPE employers must provide. The standard makes clear that employers cannot require workers to provide their own PPE. Examples of PPE that employers must pay for include, Metatarsal foot protection, Rubber boots with steel toes, Non-prescription eye protection, Prescription eyewear inserts/lenses for full face respirators, Goggles and face shields, Hard hats, Hearing protection.

Funds are requested to maintain and properly care for the vehicles assigned to the Health Department's fleet. Although 10 new vehicles were added over the last two years, the older vehicles in operation are 12 or more years old. As a result of their age and use, the cars require extensive maintenance and repairs throughout the year. Repair and maintenance needs include transmission repairs, brake repairs, tire replacement, and any unforeseen major repairs which may be necessary.

This is the total of the amount that we pay in order to provide space for the Dixwell-Newhallville Senior Center at the New Q-house and for the East Shore Senior Center. Senior centers continue to provide a vital link to the community, to health and wellness, and to public benefits. They are a valued base from which the City and partner agencies deliver services not only to those who use them on a daily or weekly basis, but to many more who stop in to obtain a particular benefit. Each of our remaining senior centers are culturally strong and different. Each is reflective of the neighborhood community in which it is based. Atwater serves a mix that is about a third African American, a third Latino, and a third white ethnic---Italian, Polish, etc. Dixwell-Newhallville is predominantly African American. East Shore is predominantly Italian. While they are not at capacity every day of the week, there is no one senior center that could accomodate all of the activities of the other two. New Haven needs such centers for convenient sites for mandated State programs like the Rent Rebate Program, City and State tax credits, adult exercise, arts and recreation programs, club activity, nutritious daily meals and to enable people to apply for public benefits. Exploration of other sites in the Dixwell-Newhallville and East Shore neighborhoods has yielded nothing suitable. This new fiscal year 2022-2023 will bring the New Q-house that will house on the second floor The Dixwell/Newhallville Senior

<p>Contract for janitorial services with GreenLife Janitorial LLC at Atwater Senior Center and East Shore Centers receive cleaning services daily. Dixwell/Newhallville Senior Center is located at the New Qhouse janitorial services continue with new company under Engeeniring Department dollars are use also for that purpose. The Philip Marett Fund applications, mobile meals distribution, mobile pantry distribution, diapers for seniors distributions, personal items to help seniors keeky hygiene and safe and healthy during Covid 19 and case management via telephone. The contract provides for daily cleaning of 3 senior centers with additional cleaning on a regular cycle, such as waxing floors. The contractor also must supply trash bags, disposable paper towels and dispensers, etc. We anticipate a increase 2022-23 required by the City's living wage ordinance. Extermination services are needed at Atwater and The City has to have the fire extinguishers serviced each year. Increase of contract due to larger space at the new Qhouse site. We must pay for passes to the Fantasy of Lights each year. The City is required to keep copies of Rent Rebate documentation obtained from clients for 3 years, and for Farmers' Market Coupons for two years. At the end of that time it is necessary to ask for permission to shread from the State. Infroshred is the commercial shredding company used by the City. Lifeguard expenses for senior summer swims and a fishing tournament; Miscellaneous costs such as extra cleaning, extermination, etc.;</p> <p>Other items included but not limited to:</p> <p>The Commission on Aging of the City has recommended that the City needs to create a strategic plan for the next ten years for services to the elderly and their caregivers in light of the expected rise in the numbers of older adults.</p>

The staff routinely participates in trainings, meetings, and memberships to various professional and disability-related organizations. These are necessary to assist with development of City policies and procedures related to compliance with the Americans with Disabilities Act and other pertinent state and federal laws. Collaboration with other disability organizations also assists with possible grants and other funding. Additionally, this line item has been utilized to pay for membership in professional organizations.

Funds will be used to support New Haven's Americans with Disabilities Act (ADA) compliance programs, and to meet ADA reasonable accommodation and effective communication obligations to the public as well as City employees. Such accommodations include but are not limited to sign language interpreter services, computer software, Braille materials, materials converted to alternate formats, advertising of legal notices, readers, specialized furniture or office equipment and rehabilitation engineering services. Disability Services will also have costs associated with utilizing an external sign language interpretation service. ADA compliance activities include, but are not limited to, in-service training and production of training materials, training of trainers, surveys conducted by department staff, ADA research for other City departments, etc.

This line item varies widely from year to year based on the needs of City employees with disabilities, specific accommodation requests made by the public and equipment and services acquired based on those requests. This line item is also utilized for payment of costs associated with Sprint services, materials needed by the department, support for the Commission on Disabilities, mileage reimbursement and professional fees for programs sponsored by the Department.

The 2022-23 budget request for this line item is increased by \$25,000 to enable the City to meet its effective communication obligations under Title II of the ADA by providing sign language interpreters at City sponsored press conferences and events. The current lack of sign language interpreter services denies effective communication for people who are deaf and some who are hard of hearing and use sign language as a method of communication. Lack of effective communication is considered discrimination and a violation of the ADA. Considering the cost of

To attend professional Community Services meetings as opportunities present themselves, or mandatory to support department goals/objectives throughout the Fiscal Year. Such as National League of Cities, Financial Empowerment & Initiative Conferences, Prison Re-Entry and Youth Violence Prevention Seminars and Conferences to name a few, as well as service training for staff to assist community needs. CSA staff has become even more customer services winthin the last year, where staff training has become more important.

Increase due to expected having more virtual seminars, as society gets back to normalcy.

Crisis Response Team and Re-entry. The City of New Haven is seeking to implement a mobile crisis intervention program, which will be integrated into the 911 dispatch as a frontline response to emergency calls. The New Haven Community Crisis Response Team aims to provide a more holistic approach to first responses by deploying staff appropriately qualified to address non-criminal crises and will be integrated into the city's social service landscape by providing direct access to a continuum of care through referral networks with city programs and non-profits. Mobile crisis intervention programs, like Crisis Assistance Helping Out On The Streets (CAHOOTS) in Eugene, Oregon, have proven to be an effective and cost-efficient solution since 1989.

The funding would also supplement funding located in Admin (56694) in conjunction with the Crisis response efforts. Prison Re-Entry services for New Haven Residents. New Haven residents returning from prisons back to the city have many unaddressed needs, the most immediate are tangible resources that assist them on their road to independence and successfully transitioning back into the community. The funds identified are to support the city administration in the purchasing of City ID cards, birth certificates, driver's licenses, bus vouchers and emergency occurrences that are frequently the need of our re-entry population.

This funding would cover planning, capacity building and implementation of the PILOT program

Crisis Response Team and Re-entry. The City of New Haven is seeking to implement a mobile crisis intervention program, which will be integrated into the 911 dispatch as a frontline response to emergency calls. The New Haven Community Crisis Response Team aims to provide a more holistic approach to first responses by deploying staff appropriately qualified to address non-criminal crises and will be integrated into the city's social service landscape by providing direct access to a continuum of care through referral networks with city programs and non-profits. Mobile crisis intervention programs, like Crisis Assistance Helping Out On The Streets (CAHOOTS) in Eugene, Oregon, have proven to be an effective and cost-efficient solution since 1989.

The funding would also supplement funding located in Admin (56694) in conjunction with the Crisis response efforts. Prison Re-Entry services for New Haven Residents. New Haven residents returning from prisons back to the city have many unaddressed needs, the most immediate are tangible resources that assist them on their road to independence and successfully transitioning back into the community. The funds identified are to develop and support reentry services.

The Connecticut General State Statues, Section 45-12, provides that the "expense of record" books and supplies which the judge deems necessary shall be paid upon his order by the town or towns composing the district in proportion to their grand list last perfected. New Haven's Probate Court District consists of New Haven since Woodbridge became a separate probate district in 1987. These funds are paid directly to the New Haven District Probate Court in satisfaction of this portion of the statute.

The New Haven Democracy Fund, utilizing appropriations from the Board of Aldermen and citizens' contributions, provides public matching funds and public financing grants to Mayoral candidates who voluntarily agree to abide by certain restrictions and limitations on how campaign funds are raised and spent.

The purpose of the Democracy Fund is to ensure that all citizens of the City of New Haven have a fair and meaningful opportunity to participate in the election of their Mayor. The Democracy Fund is overseen by a seven-member volunteer board. A Democracy Fund Administrator is responsible for the day-to-day operation of the Democracy Fund.

The Democracy Fund provides public matching funds up to \$125,000.00 and a public financing grant of \$19,000.00 for both the primary elections and the general election. A candidate's contribution of his or her own personal funds is limited to no more than \$19,000.00 per primary or general election.

City of New Haven partnership with NH Works to implement the region’s jobs pipeline. What began as a collaborative project among government, business, labor, and the community in January 2012 has become a reality for hundreds of New Haven citizens: an organization that residents can turn to for assistance in securing good, stable work.

New Haven Works will use funding from the City to provide job placement services, pre-employment screenings, and career planning that is tied to open job opportunities. We will work with city residents to identify, appropriate positions, advocate that their job applications are reviewed by hiring managers, and provide ongoing support that help them succeed once they are hired.

Ongoing fund provided by the city, will enable the Boys and Girls Club of New Haven to provide life saving programs and services to a needy community. Funding by the city on an annual basis will enhance already existing programming such as but not limited to:

- Academic Tutoring
- Sports
- Healthy life style and life choice programs.
- Programming for Boy's and Girls Club
- Repairs and Maintenance
- Operating and other cost necessary to provide the services

Many of the participants who attend the program, live in the immediate area of the Hill Neighborhood. A community that has seen some significant challenges and such programs, allows for our most needy and vulnerable residents...the children... to have consistent programming- a an environment they deem as safe and nurturing.

The Boys and Girls Club of New Haven's motto is to "inspire young people...to realize their full potential". These uninterrupted funds from the city will allow the club to continue its work and look at other neighboring parts of the city who have as many, or similar youth...grappling with environmental and societal pressures.

Funds by the city, will continue to provide enrichment programming so needed in this part of the city- where almost more than half of the youth who participate, come from low-income households who are under the established Federal Poverty level.

This covers the cost of catch basin cleaning and other requirements in order to meet the requirements of the EPA and Federal Clean Water Act of 1987.

Funds will cover all of the requirements in the City's MS4 (municipal stormwater) permit. In particular, the City has been instructed to implement a rigorous Illegal Discharge Detection and Enforcement (IDDE) program in order to comply with its existing MS4 permit. Some additional funding is also required to meet the requirements on catch basin cleaning and green stormwater infrastructure maintenance. The modest requested increase also covers rising costs such as labor.

Overtime is governed by the bargaining agreement by and between the City of New Haven and Local 3144. The workload for the three public boards and commissions that the department staffs has increased, as has the frequency of meetings, and this requires staff to work over statutory time limits to attend meetings and prepare reports. City Plan Commission meetings have gone from 1 to 2 meetings per month and require at least two Planner II staff to attend site plan review technical meetings and prepare reports. Public hearings and other community meetings are held at night for the convenience of the public.

In addition, Zoning updates and Comprehensive Plan updates require extensive community outreach outside of typical working hours. At the same time planning staff is expected to be available during typical working hours.

Pay differential/and or overtime for Administrative Assistant to take minutes, prepare transcriptions at Board of Zoning Appeals and City Plan Commission meetings. Duties may also include Spanish translation of City Plan applications, website materials, and meeting agendas.

(This has not been cleared with OLS but is suggested by EDA as alternative approach to external service. Please note that for litigation purposes a court reporter transcription is still required in the event of appeal and this would not fall under AA duties)

1. The main use of these funds is for court reporters (including transcription services) at public hearings, required by State Statute, City Plan Commission, Board of Zoning Appeals and Historic District Commission as well as any matter resulting in litigation. This line has always been underfunded and is usually supplemented toward the end of the fiscal year.

This fund supports Spanish interpretation and translation services for boards and commissions meetings and translation of applications, forms and website content. (see request for AA pay differential)

Reimbursement for documented out-of-pocket expenses incurred by staff while on department or commission business, site inspections, and travel to meetings with State and Federal officials or city consultants.

Other services included but not limited to  
 Subscriptions (American Institute of Architect Dues, local and national, APA Membership, local and national, APA Planning Advisory Service, APA Planning & Environmental Law, APA Planning Magazine, APA Zoning Practice, APA Membership, American Society of Landscape Architects (Connecticut and National), WTS CT Valley Chapter Membership, CT Trust for Historic Preservation, National Trust for Historic Preservation, New Haven Colony Historical Society, New Haven County Soil & Water Conserv. Distr, New Haven Preservation Trust, Regional Plan Association of New York and others)  
 New: ICLEI membership \$2250, Commissioner Training required by State Statute \$5,000, Data and GIS training for CP staff \$10,000.

Certification and licensing for City Plan Staff as needed including Architecture License Fees, Landscape Architecture License Fee, AICP Fees, LEED AP Fees and other relevant Fees.

Other administrative expenses as needed for City Plan.

2. Environmental Review Consultant for technical assistance on Environmental Assessments, Environmental Impact Statements and other compliance related activity for CDBG and other HUD funding for City Of New Haven.  
 Training for HUD compliance activities for City Plan staff.  
 The City Plan Department performs the compliance work of Environmental Reviews for all federal Department of Housing and Urban Development funding to the City of New Haven.  
 City Plan staff performs the bulk of Environmental Reviews that are Categorically Exempt or Exempt Not Subject to EA or EIS level of review.  
 City Plan relies on outside consultants to assist with more complex Environmental Assessments as required by various larger scale projects.  
 This is an ongoing program in City Plan to provide mandated compliance for HUD funds to benefit the public in particular low and moderate income neighborhoods.  
 This is eligible for funding under CDBG but is also requested here as there is a cap on CDBG administrative activities. Should this service be funded under Special Funds this request would be withdrawn.

3. Community Ratings System Consultant for compliance with annual CRS reporting and maintenance.  
 Training for Flood Plain Management activities for City Plan staff.  
 Costs for communications, publication, community outreach for CRS related activities.  
 The Community Rating System (CRS) is a voluntary incentive program that recognizes and encourages community floodplain management practices that exceed the minimum requirements of FEMA's National Flood Insurance Program (NFIP). Maintaining a high CRS Rating both serves to enhance Flood safety communications for the public and affords New Haven property owners and renters a significant discount on required Flood Insurance rates.  
 This is an ongoing program in City Plan to benefit the public.

4. Legal Peer review for Zoning amendments.  
 Currently third party legal review of zoning amendments have been covered on occasion by Corp Counsel contract but budget is insufficient. The intent of the Corp Counsel contract is for legal support of litigation matters related to zoning. In the past City Plan has hired outside Legal Counsel for Zoning amendments directly.  
 This provides funding source for City Plan, on advise of in house counsel, to obtain services for legal review of policy and zoning amendments.

5. This is to budget for expenses associated with Canal Dock Boathouse  
 The expenditures will be funded in part by fees associated with the Boathouse as submitted to Board of Alders. Further funding streams will be available in future through University of New Haven rental agreement.  
 Maintenance and Operations expenses require placeholder in budget but could be incorporated in other city asset M&O budget.  
 To manage events and generate fees for Boathouse a contract- or staffing is required for event management. At this point a contract is recommended that could be amended as finances for Boathouse evolve.  
 Monthly Utility have expenses are \$6800 during period where building was minimally occupied due to pandemic and may increase with indoor events. Additional funds are required for building maintenance and repairs. Some expenses regarding mechanical systems may be covered through existing Engineering Dept contracts. Total building O&M budget is estimated at \$100,000/year  
 Contractual services for event management are estimated at \$75,000/year.

Funds will be used for City plan student interns and temporary part time help as needed.  
 (Note: In 2021, City Plan spent about \$35,000 on temp part time help with zoning due to staffing gaps. New Planner I position should reduce that need but if position is not funded City Plan would request additional funds for temp part time assistance. City Plan had a number of externally funded interns but in order to expand opportunity to SCSU and other non-funded students we are requesting an increase in intern funding).

This line item covers temporary student interns from local high school, college and University work-study programs. Additional interns are required after bringing more functions in-house with transition to new parking ticket enforcement contractor. This will be an overall cost savings and quality control / quality assurance measure in the new contract with new vendor. This is an overall savings from previous vendor charging the City for lockbox and scanning services and a continuation of the department's efforts to hire more local employees to the benefit of the regional economy.

Funds in this line item covers the materials, parts and supplies need daily by the Traffic Operations ( signal, sign, and meter) divisions. The department uses everyday hardware such as bolts and fasteners, wiring and batteries, all of which are purchased out of this account to install and maintain the traffic signals, pedestrian flashers and signals, all City signage and for the City's nearly 3,000 parking meters. Batteries on the meters must be annually replaced. The department also installs and maintains bus shelters and bike racks throughout the City. Certain outside contractor and construction services, line painting and sign manufacture are purchased out of this account as well.

This line item is used for parking ticket books, payment envelopes and enforcement related supplies. New ticket books need to be continually purchased in order to provide up-to-date material for our partners: Yale University, New Haven Police Department, CT Transit and New Haven Parking Authority. Funds from this account are also for the printing of various other parking programs, including the revenue generating Voucher, Hybrid and Residential Parking Permit programs. The department is looking to expand upon the current parking permit program in FY18, which will require additional printing needs.

### BUDGET REQUEST JUSTIFICATION

Enter below, a detailed justification for this line item budget proposal.

This request is to fund the following programs and initiatives:

1. Neighborhood Community Development (\$200,000)
2. New Haven / Economic Development Events & Marketing (\$247,000)
3. Small Business Initiative (\$20,000)
4. Small Business Resource Center (\$40,000)
5. REX Dues Contribution (\$40,000)
6. Daily Operation of Department (\$10,000)

-----

1. A designated Special fund was created to address HUD Region 1 Findings letter of December 10, 2014 through a more accurate accounting of time spent by personnel assigned primarily (but not exclusively) to CDBG-eligible activities. The City will seek reimbursement for time spent by current special and general fund employees on CDBG-eligible program activities which, in turn, will be used to pay salaries for 10 employees in LCI and/or Corporation Counsel. Funding will be moved to this fund to pay for non-CDBG eligible activities.

2. Funds will be used for marketing, promotion, and public relations for New Haven and City sponsored events, and to fund major events in New Haven such as the July 4th Fireworks and the New Haven Bike Grand Prix. Economic Development can also use these funds to execute an agreement with a consultant to assist in the establishment, development and maintenance of major New Haven events.

3. The Small Business Initiative is under the heading and funding of Economic Development. Annual dues are payable to the New Haven Regional Contractors Alliance for the creation and development of small and minority owned construction businesses in New Haven.

4. The Small Business Resource Center is allocated funding to successfully implement their programs. Funding is for all SBSC needs, including but not limited to supplies, printing and postage, training seminars and conferences, and facilities operations.

5. REX is the official economic development entity for the fifteen towns served by the South Central Regional Council of Governments (SCRCOG). Among various responsibilities, REX administers the Comprehensive Economic Development Strategy or CEDS, and the region's overall growth framework with the US Department of Commerce. In order to maintain the organization's financial stability, a 15-town dues structure has been established, similar to the dues structure for the SCRCOG itself. EDC is a discretionary allocation supporting the City's economic development support agency. Funds will be used to support operating expenses, administration, sector strategies and special projects.

6. Economic Development will allocate funding for expenses necessary for the proper day-to-day functioning of the office and staff. Examples of the types of costs include but not limited to supplies, daily newspapers, advertising,

This will be used for overtime for General Fund employees assigned by the department head or division deputies per union contract. During the spring, summer, and fall months, the property maintenance staff is often required to work weekends to secure buildings and clean vacant lots. During the winter months, this staff is often assigned snow removal activities at City owned properties. The Housing Code staff is required to be on call 24 hours for heating and other emergencies that are common during the cold weather months.

Funds will be used to pay registration fees for both required and optional training seminars and sessions. The majority of these funds are to reimburse Housing Code Officials for the quarterly C.A.H.C.E.O. meetings that are required for each officer to remain licensed, and will include any books or literature required to be purchased at these seminars. There are four (4) CAHCEO meetings per fiscal year. An average of 8 officers attend each meeting.

These funds will also provide training for the Project Managers and Neighborhood Specialists that will enhance their efficiency and overall job performance.

This account represents the estimated expenses for the Police and Fire fund for FY 2022. These are expenditures that are not paid by the City, but paid by the Police and Fire fund. The funding is transferred as part of the ADEC payment.

Section 202 for the Police and Fire fund outlines the procedure;

"The pension board shall submit annually to the mayor, prior to the first of September, a schedule of its estimated expenses necessary to carry out the purpose of the fund and the mayor shall include said estimate in the estimates to be submitted to the board of aldermen in accordance with charter requirements relative to annual estimates and appropriations for the city of New Haven."

For transparency purposes, Police and Fire is abiding by similar guidelines to the P&F Fund.

Please nte, this in no way effects what the ADEC payment would be in any fiscal year. The City actuaries include estimated expenses as part of the ADEC.
