

Looking for a doctor?

Finding one online is fast and easy

My health.
My plan.

Your health is an important personal matter. So it's just as important to find a main doctor who can be your primary care provider or primary care physician (PCP) — someone you see for regular checkups and when you're sick. Your PCP takes care of your overall health and can recommend a specialist if you need one.

Finding a PCP in your plan

With your Anthem plan, you get access to a large network of doctors across the country — so you have more choices when selecting your PCP. And finding a PCP who's "in-network" or in your plan is easier with our online tools. You can search for a doctor by name or look for one near you. Avoid getting care from doctors outside your plan because it will likely cost you more, or your plan may not cover it at all.

Here's what you need to do:

1. Go to **[anthem.com/find-doctor](https://www.anthem.com/find-doctor)**.
2. Choose your search:
 - **Search as a Member:** Use your member ID card number or log in with a user name and password.
 - **Search as Guest:** Select a plan or network,* or search by all plans and networks, to get started. Select type of care > CT > Employer Sponsored Medical > Select Century Preferred Network for PPO/H S A & Select BlueCare Expanded Network for POE
3. Select a type of doctor and location. You can also search within a certain distance of your location.

Looking for cost information to go with your care? **Use the Care & Cost Finder tool at [anthem.com](https://www.anthem.com).** You can compare doctors and costs side by side and get an estimate of what you'll pay based on your benefits. You can even see how other members rate doctors.

To learn more about choosing a doctor, read the Anthem blog, "4 Tips to Choosing the Right Doctor" at **[anthem.com/blog](https://www.anthem.com/blog)**.
