- Memorandum to City Plan Commission re Annual Report of Public Information Distributed for FEMA Community Rating System (CRS) Participation. Dated March 17, 2021.

BACKGROUND

The Commission receives this application in accordance with the terms and conditions of the City of New Haven's Class 7 achievement within the FEMA Community Rating System. An annual update of the Program for Public Information is required to be submitted to the Commission for review.

SUMMARY

FEMA requires that the PPI be administered by a PPI Committee. In 2016, the City Plan Department determined that the City Plan Commission and specific staff, working together, would comprise the PPI Committee. The PPI Committee must periodically review the PPI, ensure that it is being executed, and share an annual report with the Board of the Alders.

ACTION

The City Plan Commission staff reviewed and approve the annual Report of Public Information Distributed for FEMA Community Rating System (CRS) Participation.
