

NEW HAVEN CITY PLAN COMMISSION ADVISORY REPORT

RE: **RESOLUTION OF THE BOARD OF ALDERS** Authorizing the mayor to sign the Local Bridge Program supplemental application and any associated agreements and any subsequent amendments to the agreements between the State of Connecticut and the City of New Haven for Chapel Street Bridge over Mill River, bridge no. 06169 (City Engineer)

REPORT: 1506-05

ADVICE: Approval

BACKGROUND

The Chapel Street Bridge over the Mill River is identified by the CTDOT as being structurally deficient. The total cost of the project including the design, inspection and construction phases is estimated at \$990,000. The Bridge is eligible for FY2016 State Local Bridge Program funding which allows for \$491,337 (49.63 percent) and the City share would be \$498,663 (50.37 percent).

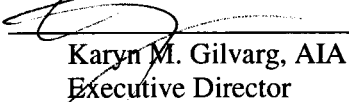

PLANNING CONSIDERATIONS

The repair of the bridge is critical to the safety of the public utilizing this bridge. Contingent upon a commitment to fund by CTDOT, the design phase is projected to be completed by October 2016, with the construction phase proposed to start in early spring 2017 with an anticipated completion by winter 2017.

ADVICE

The Commission finds the Resolution in the best interest of the City and recommends approval.
