2022 Milling and Paving Projects – Summer 2022

The Department of Parks & Public Works **MILLING AND PAVING PROJECTS** will begin June 16th. Streets scheduled to be milled and paved are based on current road conditions, traffic usage, available funding, citywide needs, and other projects impacting the street.

Streets will be milled first and paved later. The order the streets are listed below will be the order in which they will be milled and then paved. Though paving may cause some inconveniences to our public, we try to keep them at a minimum and remain confident that the end results will be worth it. **PLEASE NOTE - PAVING CAN BE SUBJECT TO CHANGE.**

If you have any questions, please call Public Works at 203-946-7700.
