

**ANNUAL REPORT OF THE
POLICEMEN AND FIREMEN'S PENSION FUND
FISCAL YEAR 2020-2021**

The Connecticut Legislature established a Pension Fund for New Haven Policemen and Firemen employed after December 31, 1957 (later designated as "Police and Fire Plan No. 2") effective January 1, 1958 under provisions of Special Laws 1957 to provide service and disability pensions as well as death benefits to individuals appointed after December 31, 1957 as uniformed police officers and fire firefighters in the City of New Haven. By ordinance adopted May 29, 1990, the Policemen's Relief Fund of the City of New Haven and the Firemen's Relief Fund of the City of New Haven (later designated as "Police and Fire Plan No. 1"), which fund was established in 1899 under provisions of the City of New Haven Charter and Special Laws and provided service and disability pensions and death benefits to policemen and firemen appointed prior to January 1, 1958, was merged with and into Police and Fire Plan No. 2. This new pension plan and fund is the Policemen and Firemen's Pension Fund (the "Fund"). The Fund is administered by a retirement board consisting of seven members (the "Retirement Board").

This Annual Report has been prepared to provide members and other interested parties with statistical and financial information concerning the Fund. Also included is general information concerning membership and benefits available through the Fund. Eligible members should refer to their union contracts to determine the specific pension and benefit provisions which apply.

Active participants in the Fund numbered **618** as of June 30, 2021. Also as of this date, there were **1,086** retired members and **325** survivors of deceased members receiving monthly payments.

The net assets of the Fund available for pension plan benefits totaled **\$392,272,712** on June 30, 2021. The Retirement Board serves in an administrative and fiduciary capacity to provide retirement benefits to members of the Fund. The investment goal of the Retirement Board is to ensure that current and future benefits are adequately funded while preserving capital and realizing sufficient return through diversification of fund investments.

This Annual Report has been completed for the fiscal year ended June 30, 2021. Questions concerning this report or pension benefits should be directed to Leanna Ambersley at LAmbersley@newhavenct.gov.

The amount of such vested pension shall be equal to two percent (2%) of his or her average total annual earnings of his or her ten (10) highest years of earnings during the ten (10) years immediately preceding his or her date of termination of service. For Firefighter members, such deferred vested pension shall become payable on the date when he or she would otherwise have completed twenty-five (25) years of continuous service, but not prior to the attainment of age forty-six (46).

Members who terminate their service prior to becoming vested shall receive their accumulated employee contributions upon verification of termination.
