BACKGROUND

The State of Connecticut has offered a \$500,000 grant to the City of New Haven for park improvements to Peat Meadow Park, including improvements to fields, playscapes, and walking paths. The Department of Parks, Recreation, and Trees, the Parks Commission, and the Engineering Department will work together with the neighboring community on the details of these improvements (in particular with Alder Punzo of the 17th Ward).

PLANNING CONSIDERATIONS

In accordance with Title I, Article XIII, Section 2(A) of the New Haven Code of Ordinances states, **"Every Ordinance or Resolution of the Board of Alders relating to the location and use of any street, bridge, boulevard, esplanade, square, park, playground, playfield, aviation field, parking space, public building, [grant funding], the facilities or terminals of any public utility, or the establishment or change in the boundaries of or regulations concerning zoning, shall be at once referred to the City Planning Commission and final action shall not be taken on any such Ordinance or Resolution until the commission shall have reported thereon, provided that the Board of Alders may establish by ordinance a period of not less than sixty (60) Days within which the commission shall file its report with the City Clerk and if no report is filed within such period the approval of the commission shall be presumed."** Accordingly, the Board of Alders seeks guidance regarding the proposed amendment.

The Board of Alder seeks guidance as to:

- Whether the proposal is aligned with the City's Comprehensive Plan.
- The City's Comprehensive Plan states, as a goal, to **"Connect residents to quality outdoor recreation."**

ADVICE
