3. **Case 21C-091**

Received: November 21, 2021

Summary: Nunez is the complainant against Officer Saivadi, who stated that she was unlawfully arrested and that the officer should have arrested her partner, Alexis for assaulting her son but did not do so due to his law enforcement status. The partner, Alexis, had flashed his badge at Salvadi during the call and the officer's BWC shows that Salvada stated he did not care about that. Both individuals were given a summons.

IA Determination: Exonerated.

Rick Crouse chaired the meeting. Crouse made a motion to concur with the exoneration.

Discussion: Seems like there wasn't a lot for the officers to go on, but they conducted themselves professionally and cordially. I watched the footage for Savonti and Reiser. It was a hectic situation. So I concur with the exoneration.

Fawcett: in agreement, she said it seemed almost like a model case for how to handle a very strange situation.

Crouse: Yes

Fawcett: Yes

Pescatore: Yes
