

The background of the cover is a photograph of a tall, white, cylindrical lighthouse situated on a sandy beach. The lighthouse is positioned on the right side of the frame. The beach is wide and sandy, with some rocks visible on the left. In the distance, the ocean meets a horizon under a sky with soft, wispy clouds. The lighting suggests a late afternoon or sunset scene, with a warm, golden glow. The text is overlaid on the top half of the image.

2023-24 GRANT FUNDED EXPENDITURES BY CATEGORY

- How to read the new grant revenue exhibit (letters refer to column letters on the prior page):
 - A The total amount we were awarded for the grant in 2022-23
 - B Because of Covid-19, we are permitted to roll over unexpended money in some grants in 2023-24. It 'carries over' to the next fiscal year.
 - C This is new funding we were awarded in 2023-24
 - D Funding we haven't received yet, but expect to receive.
 - E C+D. The total new money we'll receive for the grant this year.
 - F B+E. The sum of the carryover funds and the new money. This is what's available to spend in 2023-24.
 - GE-A. This measures the change in new money only, and excludes the effect of the carryover.
 - HG/A. Calculates, on a percentage basis, the change in the new money year over year.

Special Fund Expenditure and Revenue Projection Explanation

Please note that the Special Fund expenditure and revenue projections contained in this report are estimates based upon preliminary information received by City Departments from potential Granting Agencies. Budgets reported for Fiscal Year 2022-2024 may reflect anticipated new awards that have not yet been approved by the funding agency or Board of Alders. Funding will become available for use only after awards have been approved for acceptance by the Board of Alders and after grant agreements have been executed. Once all approvals are in place, the budgets will be entered on the City's financial accounting system, MUNIS.

Deficit Explanation

The Agencies listed below have significant budget variances that we feel warrant an explanation.

- No deficits are currently projected.

Surplus Explanation

- If a large surplus exists in a special fund, it is usually the result of a multi-year award that is partially complete. Multi year awards are based on the completion of a project or for the operation of a particular program that extends beyond the City's fiscal year. Any remaining balances for multi-year awards will be made available in the following fiscal year or until the grant period has ended.

Administration and IT Public Safety Infrastructure	The New Haven Police Department (NHPD) is requesting \$3,800,000 to cover the cost to purchase, install and support approximately 500 cameras (may include some license plate reader (LPR) cameras) throughout the city of New Haven. Cameras are routinely used as a public safety tool to increase solvability and prevent crimes. Administration and IT Public Safety Infrastructure	As of 8/31, the NHPD has 319 filled positions from the 406 budgeted. 49 of those vacancies are in the rank of Police Officer - the backbone of the City's patrol. The funding request would allow the NHPD to target up to a \$10,000 sign-on bonus (based on BOA approval guidelines) for up to 40-lateral hires from CT police departments. The City has been engaged with the recruitment of and hiring of lateral officers since 2019. Each lateral hire that would be awarded a sign-on bonus would save the City approximately \$22,000 each as opposed to the cost of a cadet going through the academy.
