2024 Milling and Paving Projects

The Department of Parks & Public Works **MILLING AND PAVING** will begin July 8th. Streets scheduled to be milled and paved are based on current road conditions, traffic usage, available funding, citywide needs, and other projects impacting the street.

Streets will be milled first and paved later. The order the streets are listed below will be the order in which they will be milled and then paved. Though this may cause some inconvenience for the public, we try to keep it at a minimum and remain confident that the results will be worth it. **PLEASE NOTE – MILLING & PAVING ARE SUBJECT TO CHANGE.**

If you have any questions, please call Public Works at 203-946-7700.
