March 15, 2018

To The Honorable Mayor and Board of Alders of the City of New Haven  
New Haven, Connecticut

State law requires that every local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2017.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

RSM US, LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of New Haven's financial statements for the year ended June 30, 2017. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

### **Profile of the Government**

New Haven was founded in 1638, and incorporated as a city in 1784. The City is located in the heart of the northeast corridor between New York City (75 miles away) and Boston (140 miles away). It occupies 20 square miles and serves a population of 129,934 (Est. 2016). The City is empowered to levy a property tax on real property, personal property and motor vehicles located within its boundaries.

The City is governed primarily under the Charter which provides for the election, organization, powers and duties of the legislative branch (the "Board of Alders"), the powers and duties of the executive branch and the City's fiscal budgetary matters, contracts procurement, property and records. The Mayor, serving as the chief executive officer, is responsible for the execution and enforcement of the laws and ordinances of the City and oversees all administrative functions.

The City/Town Clerk serves a term concurrent with that of the Mayor and is elected city-wide. The Board of Alder's performs all legislative duties and its President serves as Acting Mayor in the absence of the Mayor.

The Charter provides that the City maintain a variety of public services including the protection of persons and property, maintenance of streets and establishment of health, recreation and welfare facilities. The Constitution of the State of Connecticut establishes free public elementary and secondary education as the responsibility of the State. This responsibility is legislatively delegated to the City acting through its Board of Education. Municipal services provided by the City include: police and fire protection; health care; certain welfare programs; construction and maintenance of streets, highways and bridges; trash collection and disposal; provision for recreational programs and facilities; the acquisition and maintenance of City real and personal property, including vehicles; maintenance of building codes and regulation of licenses and permits; maintenance of records and library services; collection of taxes and revenues; purchase of supplies and equipment; construction and maintenance of airport facilities; and maintenance and operation of on-street parking facilities.

Other governmental authorities provide service within the City, namely the New Haven Parking Authority, and the New Haven Solid Waste and Recycling Authority. The New Haven Parking Authority is an agency of the City established in 1951 to operate certain parking facilities for the City, as well as other parking facilities that are privately owned. The New Haven Solid Waste and Recycling Authority was established in 2008 and is specifically responsible for the operation and management of the City's transfer station for solid waste disposal and recycling.

The Board of Alder's is required to adopt a budget for the fiscal year no later than May 31 preceding the beginning of the fiscal year on July 1. The annual budget serves as the foundation for the City's financial planning and control. Proposed commitments in excess of appropriations are not processed until additional appropriations are made available. The Board of Alder's may establish by ordinance, from time to time, an amount of appropriation under the approved budget which the Controller, with the approval of the Mayor, shall be authorized to transfer between line items within any department or from one department to another. No such transfer in excess of such authorized amount shall be implemented unless it shall be proposed by the Mayor and approved by the Board of Alder's, provided that an increase in the total appropriation shall be approved only by the vote of two-thirds of the entire Board of Aldermen. Budgetary revenues and expenditures are monitored by the Office of Management and Budget.

## **Local Economy**

New Haven is a city on the rise. Under the guidance of Mayor Toni N. Harp and her Safety, Education, and Employment (SEE) vision, violent crime has fallen to new lows; high school graduation rates have climbed; and total jobs in New Haven have expanded to a level unseen since 1991. Given New Haven's ongoing and accelerating progress against these and other measures, it is no surprise that people are choosing to work, live, and raise families in New Haven in greater numbers. Since 2000, the city has attracted more than 6,900 new residents, making its population growth rate of 5.5% the fastest in Connecticut. At the same time, it has continued to distinguish itself as a place where people gravitate who want to make great ideas happen, with an increase in its already-high college degree attainment placing it 6<sup>th</sup> highest in the nation.

New Haven is the cultural and economic center of southern Connecticut. It is among the fastest growing cities in New England in terms of both population and economic significance. Economic drivers in education, the life sciences, advanced manufacturing, IT and supporting service industries are supporting new job growth. New Haven's job base grew 0.86% in 2016, and there are now 82,121 in the City of New Haven.

New Haven is a dynamic and growing city, placing its residents, employees and visitors at the cross-section of arts, culture, education, health care, and business. As the second largest city in Connecticut, with a population of 129,934 (2016 est.), New Haven is the economic center of a broader MSA region of 859,470 people (2015 est. <http://proximityone.com/metros/2013/cbsa35300.htm>), and is home to an evolving mixed-use urban core, strong and diverse communities and world-class institutions. While already well-established in New Haven, the so called “eds and meds” (medical, bio-science, and research/development) sector continues to grow. Yale University, Yale Medical School, and the Yale-New Haven Hospital give the City a stable and world-class participation in these sectors. With ample spin-offs from these institutions, entrepreneurship and bioscience have grown exponentially, and are growing in New Haven. Already, 39 of Connecticut’s 52 biotech firms are located in the Greater New Haven area.

In the City of New Haven proper, the median household income is \$37,192 as compared to \$61,640 ([https://factfinder.census.gov/faces/nav/jsf/pages/community\\_facts.xhtml?src=bkmk#](https://factfinder.census.gov/faces/nav/jsf/pages/community_facts.xhtml?src=bkmk#)) in the entire New Haven metro area. Due to the large number of undergraduate and graduate students residing in New Haven, average household income tends to skew low in official reporting. However, the external support and income sources for Yale University students as well as students from Albertus

Healthcare, Biotechnology and Life Sciences are central to New Haven’s economy and have been the primary driver of recent employment and tax base growth. These industries are centered on two core institutions: Yale-New Haven Hospital and Yale University, particularly the Yale School of Medicine, both of which are world leaders in healthcare, research, and education that attract patients, doctors, and students from across the world, region, and state. These institutions form the center of a broader regional biotech and life sciences cluster consisting of 52 firms, 40 of which are located in the City itself, primarily in the Medical District around Yale-New Haven Hospital and Yale School of Medicine as well as Science Park, located just north of Yale University’s main campus.

Yale University, Southern Connecticut State University, Albertus Magnus College, and Gateway Community College all call New Haven home and are major drivers for the local and regional economy. In the New Haven region, as of November 2016, educational services employ 31,000 people. Furthermore, with over 37,000 students, colleges in the New Haven area have created \$1.5 billion in local economic impact. More importantly, however, these schools are expanding. This year Yale unveiled two new residential colleges, which cost \$600 million to construct and will add 800 additional students when at capacity. New Haven’s universities provide a platform from which the City can compete in the global arena. For example, as of 2017, Yale has \$480.2 million in federal research and development obligations, which ranks 20th nationwide, and its Cooperative Research Technology Transfer program has been instrumental in attracting new biotechnology companies to the region. Additionally, Yale has produced some 50 new start-up companies in Greater New Haven. These companies have attracted over \$700 million in venture capital.

Despite significant deindustrialization, manufacturing and food services remain important components of New Haven’s overall economy, but with fewer employees, far greater specialization, and more advanced fabrication methods. New Haven is home to several specialty manufacturers, such as Assa Abloy, a Swedish manufacturer and global leader in lock production. Assa Abloy has actually been named on Forbes’s list of 100 most innovative companies multiple times, most recently in 2016. Other examples of New Haven’s advanced manufacturing firms include Uretek, a high-tech fabric manufacturer; Radiall, a global manufacturer of connectors for use in electronic applications; and Space Craft Manufacturing, a precision parts manufacturer for jet engines.

Professional and government services are also important to the local economy. With proximity to a large number of federal and state administrative agencies and federal and state courts, New Haven has a large concentration of attorneys and legal service companies. As of 2010, there are 110 law firms in the City, representing approximately 10% of the state total. In addition, there are some 75 architecture firms employing more than 500 professionals and support staff. The government sector includes major federal facilities, mainly at the Giaimo Federal Services Building in Downtown. Naval Reserve Center, and United States Coast Guard also have stand-alone regional centers in the City.

New Haven is not only attracting investment and business, but also people. Compared to a state growth rate of 4.9%, New Haven's population grew 5.5% since 2000, making it the fastest growing major New England city. Over the 2000s, it also achieved the 6<sup>th</sup> highest increase in college degree attainment in the nation. And, by 2025, New Haven is set to add an additional 10,000 to 15,000 people to the city. People are attracted to New Haven's extensive cultural amenities and high quality of life. For example, 17% of New Haven is dedicated to parks and open space, a ratio on par with famously park-friendly cities such as San Francisco. In addition, New Haven contains 40 miles of bike lane, forming the most extensive network in Southern New England. New Haven's competitiveness relates to four factors: 1) arts and culture, 2) high quality health care, 3) extensive transportation networks, and 4) impressive education and innovation.

#### **Quick Facts:**

- Since 2012, the City has had housing starts for 125 single-family homes and 58 multi-family buildings with 897 total units.
- New Haven has a strong collection of museums, art galleries and theaters that attract approximately 800,000 visitors to the city each year.
- Since January 2013, unemployment has dropped from 12.4% to 5.7%. (Connecticut Department of Labor October 2017)
- 300 new business accounts were opened in the past year (Feb 2016 to Feb 2017)
- New Haven's grand list grew by 8.4 percent from the 2016 reevaluation, signaling property value increases.
- Due to high demand, city-wide commercial vacancy sits at 14%.
- 17% of New Haven is dedicated to parks and open space, a ratio on par with famously park-friendly cities such as San Francisco.
- New Haven contains 40 miles of bike lane, forming the most extensive network in Southern New England.
- According to City Lab, New Haven businesses attracted over \$200 million in venture capital funding in 2016.
- As of 2013, the biomedical sector accounts for approximately 12,000 jobs in the New Haven region
- New Haven placed #13 in the FierceBiotech Top 15 cities for biotech venture funding in 2014.
- Between 2006 and 2016, 233 medical school faculty members were awarded patents—many of which have been licensed to businesses. During the past 15 years, Yale's Office of Cooperative Research (OCR) has helped launch an average of four to five local, venture-backed startups per year. To date, more than 50 startups based on Yale intellectual property have raised more than \$700 million in venture capital.
- From 2002 to 2011, New Haven's urban core experienced an 11 percent increase in jobs (a gain of 9,000 jobs), even as the number of jobs in the surrounding ring and state declined. In Greater New Haven in 2002, 26 percent of all higher-paying jobs throughout the region were located within the three-mile urban core. But that figure increased to 30 percent in 2007, and to 34 percent in 2011, indicating that New Haven's suburban areas are increasingly dependent on the urban core for jobs and wages.

#### **Long-Term Financial Planning**

As a part of the annual budget process, the Mayor prepares and presents a five-year capital plan. This plan identifies costs and financing methods for those capital projects that the City anticipates funding over the next five years. The current five-year capital plan details projects through fiscal year 202-2021. The plan provides for the needs not only of the general government but also the Board of Education and addresses such issues as infrastructure, major equipment replacement, educational facilities, public safety, and economic development initiatives. This plan projects total project costs over the five-year period of approximately \$483 million. Financing, net of state and federal project grants, for these projects would require debt proceeds of approximately \$288 million. The financial impact of these initiatives is reviewed and approved by the Capital Projects Committee and then by the Board of Alder's.

## **Relevant Financial Policies**

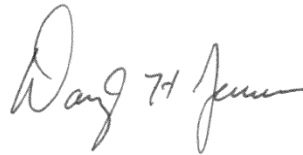

The City and the Board of Education maintain a comprehensive budgetary reporting system to monitor the results of budget operations and to ensure budgetary control and compliance with approved budgets. All annual budgets are recommended by the Mayor to the Board of Alder's, which approves the final budget. Purchase orders are encumbered and considered as expenditures for budget reporting purposes to ensure the availability of budget appropriations. Purchase orders are not released unless funding is available. Open encumbrances, reflecting goods and services not received are shown as an assignment of fund balance in the financial statements under generally accepted accounting principles (GAAP).

## **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awards Certificate of Achievement for Excellence in Financial Reporting. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate. The City of New Haven has been awarded this Certificate for the past four fiscal years (fiscal year 2013, 2014, 2015, and 2016).

The preparation of this report would not have been possible without the skill, effort, and dedication of the entire staff of the Department of Finance. We wish to thank all City departments for their assistance in providing the data necessary to prepare this report.

Respectfully submitted,

## Independent Auditor's Report

RSM US LLP

To the Honorable Mayor and Board of  
Aldermen of the City of New Haven  
New Haven, Connecticut

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of New Haven, Connecticut (the City), as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the New Haven Parking Authority, a component unit of the City, which represents 83%, 93% and 77%, respectively, of the assets, net position and revenues of the discretely presented component units. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the New Haven Parking Authority, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of New Haven, Connecticut, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the pension and other post-employment schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and other schedules and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and other schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, combining and individual fund financial statements and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2018 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**City of New Haven, Connecticut  
Management's Discussion and Analysis, Unaudited  
June 30, 2017**

As management of the City of New Haven, Connecticut, we offer readers of the City of New Haven's financial statements this narrative overview and analysis of the financial activities of the City of New Haven for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-iv of this report, as well as the City's basic financial statements that follow this section.

**Financial Highlights**

- The City finished FY 17 with a General Fund (primary operating fund) budgetary operating surplus of \$33,658. (See RSI 1 and RSI 2).
- As of the year-end, the General Fund had a fund deficit of (\$3,394,360) (see exhibit C). This was a decrease from a fund balance of \$2,023,605 at the close of FY 16. The main reason for the decrease was due to increased employee benefit cost and the elimination of the internal service funds.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$68,783,245, an increase of \$5,449,670 in comparison with the prior year (see exhibit C).
- On a government-wide basis, the City's total net position was \$182,692,066 (see Table 1).
- The City's mill rate for Real Estate and Personal Property in FY 17 was 41.55 (per thousand) whereas the mill rate for motor vehicles was capped per the State of Connecticut at 37.00 (per thousand) mills. In FY16 Real Estate, Personal Property and Motor Vehicle mill rate was 41.55.
- The City's FY17, total net taxable grand list slightly increased to \$6,072,977,072 as compared to FY16 total net taxable grand list of \$6,072,477,797
- As of the year-end, the Education Grant Fund reported a fund balance of \$ 2,255,180. This is a decrease of \$517,235 from the fund balance of \$2,772,415 at the close of FY 16 (see exhibit D).
- As of the year-end, the Other Special Revenue Fund reported a fund balance (deficit) of (\$579,530). This is a decrease of \$1,155,107 from the fund balance of \$575,577 at the close of FY 16 (see exhibit D).
- As of the year-end, the Capital Projects Fund reported a fund balance of \$56,672,925 which is an increase of \$9,181,019 from the beginning of the year (see exhibit D). Major impacts were intergovernmental revenues for school construction from state, issuance of bonds and expenditures mainly for school construction.

**Overview of Financial Statements**

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits A and B, respectively) provide information about the activities of the City as a whole and present a longer term view of the City's finances. Fund financial statements are presented in Exhibits C to J. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

## **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City of New Haven's finances, in a manner similar to a private sector business.

The analysis of the City as a whole begins with Exhibits A and B of this Financial Report. The statement of net position presents information on all of the City of New Haven's assets, deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position (deficit). The statements reflect the accrual basis of accounting, which is similar to accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The City's net position, the difference between assets, deferred outflows of resources and liabilities and deferred inflows of resources, is a way to monitor the City's financial health. Over time, increases and decreases in net position does serve as an indicator of whether the financial position of the City of New Haven has changed.

In the statement of net position and the statement of activities the City reports its activities:

**Governmental Activities** - The City of New Haven's basic services are reported here, including education, public safety, public works, health and welfare, culture and recreation and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.

**Business Type Activities** - The business type activities of the City of New Haven consist of the Golf Course Enterprise Fund, Skating Rink Enterprise Fund, and the Radio Tower Enterprise Fund.

## **Fund Financial Statements**

The fund financial statements begin with Exhibit C and provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by Charter. However, the Board of Aldermen establishes many other funds to help control and manage financial activities for particular purposes or to show that it is meeting legal responsibilities for using grants and other money (like grants received for education from the State and Federal governments). The City's funds are divided into three categories: governmental, proprietary, and fiduciary.

**Governmental Funds (Exhibits C, D and E):** Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps users determine whether there are greater or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in Exhibit E.

**Proprietary Funds (Exhibits F, G and H):** The City has one types of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Golf Course, Skating Rink and Radio Tower funds.

The City has two component units. The New Haven Parking Authority and the New Haven Solid Waste Authority, and independent audits are available for these component units.

**Fiduciary Funds (Exhibits I and J):** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's governmental or business type activities. The accounting used for fiduciary funds is much like that used for proprietary funds.

### Government-Wide Financial Analysis

The City of New Haven's combined net position decreased from a year ago by \$32,390,396. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities. Approximately \$12,800,000 of the government-wide net position are restricted for capital outlay, debt service and a permanent fund.

Net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$183,692,066 at the close of the fiscal year ended June 30, 2017. The decrease was due to an increase in intergovernmental revenues offset by an increase in expenditures.

By far the largest portion of the City's assets reflects its investment in capital assets (e.g., infrastructure, land, buildings, machinery and equipment, construction in progress); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Expenses and Program Revenues – Governmental Activities**

Governmental activities' revenues totaled approximately \$828 million for fiscal year 2017. Operating grants and contributions are the largest revenue source for the City and represent 46% of the governmental revenues. Property taxes are the City's second largest revenue and represent 31% of the governmental revenues. Grants and contributions not restricted to specific programs represent 19%.

On an overall basis revenue increased by \$13.5 million over FY 16. Property taxes increase by \$2.5 million, Operating grants and contributions decreased by \$13.7 million while capital grants and contributions increased by \$21 million.

**Expenses**

Governmental expenses totaled \$860 million for the fiscal year. Of the expenditures, 63% is related to education; 18% is related to public safety; 6% to general government; and 5% to public services.

**General Fund: Fund Balance (Deficit), Ratings and City Debt**

The year ending audited General Fund-Fund balance (deficit) is (\$3,394,360) with \$369,575 of fund balance being designated as “Non-spendable” (see Note 1 for definition). The FY 16 fund balance was \$2,023,605.

The major credit rating agencies look to fund balance as a barometer of fiscal health for the City. These rating agencies rate the risk for investors willing to buy debt issued for financing the City's capital projects. During calendar year 2017, Standard & Poor's maintained its A- rating while assuming a stable outlook. Fitch maintained its A- and stable outlook while the City did not use Moody's services during the 2017 Calendar year.

Moody's Investment Services	N/A – Did not use calendar YR 2017
Standard and Poor's	A- Stable
Fitch Investors Services	A- Stable

Both Standard and Poor's and Fitch Investment Services identified as strengths the City's economic base anchored by the higher education presence of Yale University and other education institutions, the strong presence of medical, healthcare, pharmaceuticals and biotechnology. Sizeable ongoing economic developments that should continue to bolster the property tax base and strong property tax collections were also cited as favorable factors.

The City's bonds outstanding, as of June 30, 2017 totaled \$522,453,131 compared to June 30, 2016 total of \$522,993,825

**Bonds Outstanding at Year-End**

June 30, 2017	\$ 522,453,130
June 30, 2016	\$ 522,993,825
June 30, 2015	\$ 515,645,466
June 30, 2014	\$ 514,855,326
June 30, 2013	\$ 502,002,907
June 30, 2012	\$ 503,382,312
June 30, 2011	\$ 499,238,340
June 30, 2010	\$ 511,287,768
June 30, 2009	\$ 501,192,130
June 30, 2008	\$ 497,007,908

The City's current debt service requirements attribute 59% of its costs to the City's Board of Education (includes both school construction and non-school construction capital costs) and 41% of its cost to other City capital expenses.

Additional information on the City's long-term debt can be found in Note 10.

**Capital Assets**

At June 30, 2017 the City had \$1.587 billion invested in a broad range of capital assets, including land, construction in process, buildings, vehicles and equipment, roads, bridges and storm sewer lines.

**City of New Haven, Connecticut  
Capital Assets  
(Net of Depreciation)**

**Table 3**

	2017	2016
Land	\$ 44,140,306	\$ 44,140,306
Construction in process	33,341,648	68,426,665
Land improvements	11,209,780	8,061,529
Building and improvements	1,345,954,241	1,267,526,811
Machinery and equipment	31,273,537	27,389,911
Vehicles	11,604,786	12,589,556
Infrastructure	109,878,710	107,948,732
<b>Total</b>	<b>\$ 1,587,403,008</b>	<b>\$ 1,536,083,510</b>

Major projects during FY17 included commitments for Economic Development, Engineering, Parks, Technology and Education.

Additional information on the City’s capital assets can be found in Note 8.

**FY17 General Fund Budget**

The following table summarizes the General Fund operating results for FY17:

Budget	\$523,340,196
Actual revenue =	\$521,925,232 – negative variance (\$1,584,065)
Actual expenditures =	\$521,722,474 – Positive variance \$1,617,722
Surplus =	\$33,658

	Original Budget	Final Budget	Actual	Positive (Negative) Variance
Revenues	\$ 523,340,196	\$ 523,340,196	\$ 521,756,132	\$ (1,584,064)
Expenditures	523,340,196	523,340,196	521,722,474	1,617,722
Surplus/(Deficit)	\$ -	\$ -	\$ 33,658	\$ 33,658

The budget increased by 3.05% or \$15,464,955 over the previous year, and the mill rate was 41.55 mills which was equal to the mill rate in FY 15-16. Budgeted property tax revenue decreased by \$4,679,955. The revenue budget reflected the State approved budget which maintained core Education Cost Sharing funding. There were also significant changes in State revenue have positively impacted New Haven. The State has capped the motor vehicle mill rate to 37 mills thereby reducing the taxes paid by motor vehicle owners while holding the City harmless for lost revenue. Additionally, and more significantly the State has restructured its reimbursement formula for lost tax revenue stemming from property attributable to colleges and hospitals. The State has instituted a baseline lost revenue percentage below which the State cannot not fund. This is expected to increase revenue for PILOT by \$14.6m. Total State aid is projected to increase by \$10.1m.

The revenue budget contained only two onetime revenues, recognizing the proceeds from the closure of the Grove Street Garage trust (\$371k) and proceeds from the sale of economic development assets for approximately \$500,000. Other adjustments to revenue budget included increasing meter receipts by \$200k to \$6,300,000 and Building permit revenue increased to \$16.2m based on the projected economic activity available when the budget was developed.

In terms of expenditures, the budget increased by \$15.4. The increase in the budget was concentrated in the following areas;

- Salary increases for previously settled contracts in Fire and new positions.
- Medical Benefits – increased \$5.9m
- Positions – Increase 25 (includes 2 from special and 1 from capital funds) and 5 part time \$900K contract reserve for open contracts: Supervisors, Clerical, Parks, Public Works, Executive/Confidential and Police.
- Master lease program includes \$138k in additional funding. \$628k is total appropriation
- Funding included for the sworn classes in both Police and Fire. Fire overtime budget decreased by (\$430) to \$1.9 or \$36,942 per week. Police overtime budget remains flat at \$3,022,684 plus \$100,000 for Summer Anti Violence Initiative (SAVI).
- Board of Education budget increase of for \$2m or 1.1%.
- The General Fund contribution to Medical Self Insurance Fund is \$72,668,210 an increase of \$5,875,811 which is 8.8%.
- Pension costs - Police & Fire – Budget increase is \$775,778 based on actuarial figures plus an additional \$454,380 for a total increase of \$1,230,158. Total budget is \$27,536,158. • City employees – Budget increase is \$389,920 based on actuarial figures plus an additional \$454,380 for a total increase of \$894,300. Total budget is \$19,514,922.
- Debt Service – Gross budget \$69.9m – Assumes \$5m in savings from cash flow savings arising from re-funding/premium opportunities.
- Rainy Day Replenishment - \$1,211,681 budgeted for projected contribution to the Rainy Day Fund.
- Other Post-Employment Benefits - \$405,000 budgeted for contribution to Retiree Medical Benefit Fund. Increase from \$15,000.

The City met its annual required contribution (ARC) to both its pension funds.

As the fiscal year progressed, there were many areas of change from the original budget. Some of these factors, both expenditure and revenue are highlighted below:

### **Expenditures**

The expenditure budget experienced several significant variances and ended the year \$1,632,845 under budget.

On January 09, 2017 the Board of Alders Finance Committee approved a mid-year budget transfer of \$4,895,816, in savings arising from the Bond Sale Committee's approval on August 16, 2016 bond sale/ re-funding issue of previously issued debt that led to cash flow savings in the FY 16-17 debt service line. The mid-year transfer was to cover mid-year projected shortfalls in Police, Public Safety Communication, Fire, Parks, FICA/Social Security and Non-Public Transportation. Funds required to cover the projected shortfalls in Parks and Public Safety Communications come from other line items within their respective departments which have projected surpluses. Funds for Police, Fire, FICA/Social Security and non- public transportation.

At the end of fiscal year 2016-17, Many General Fund Departments remained within budget. The most notable exceptions being Chief Administrative Office, Finance Department, Information and Technology, Parks and Recreation, Police, Fire, FICA/Medicare, Self-Insurance, health benefits. And Board of Education.

Departments or functions which performed significantly under budget for fiscal year 2016-17 include Corporation Counsel, Registrar of Voters, City Clerk, Health Department, Community Services, Debt Service, Traffic and Parking and Public Works

**Revenues**

The revenue budget was short of budget by (\$1,584,065) due primarily to building permits not achieving budget by (\$2,779,745) Parking receipts not achieving budget by (\$507,606) and parking tags falling short of budget by (\$544,861). Categories which helped offset these shortfalls were property taxes which exceeded budget overall by \$2,465,344, real estate conveyance tax which exceeded budget by \$223,606, and sale of fixed assets which exceeded budget by \$428,366.

**Taxes**

Property Taxes exceeded budget as the overall collection rate slightly increased but remained at a very strong 98.42%. Real Estate property taxes, the largest tax roll, achieved a collection rate of 98.82% which was a slight decrease over 98.83% in FY 2016. While there was a slight decrease versus the previous year in collection rate percentage, Real Estate collections exceeded the budget in the amount of 1,578,638. Also, there were excess collections in delinquent taxes thus coming up \$1,664,245 versus budget.

Tax collections as an overall percentage of the Grand List 2015 were as follow:

Category	FY 16-17 Grand List 15	FY 15-16 Grand List 14	+/- FY 17 VS FY 16
Real Estate	98.82%	98.83%	-0.01%
Personal Property	99.24%	98.50%	0.74%
Motor Vehicle	92.86%	92.76%	0.10%
Supplemental MV	89.20%	88.29%	0.91%
Overall Collection	98.42%	98.30%	0.12%

Tax collections as overall collections versus budget were as follow;

Category	FY 16-17 Budget	FY 15-16 Collections	+/- FY 17 VS FY 16
Real Estate	\$ 204,063,532	\$ 205,642,170	\$ 1,578,638
Personal Property	26,088,948	26,413,483	324,535
Motor Vehicle	12,732,249	12,692,668	(39,581)
Supplemental MV	1,534,780	2,756,198	1,221,418
Current Interest	1,000,000	1,070,886	70,886
Tax Initiative	2,354,798	-	(2,354,798)
Delinquent RE/PP	1,550,000	2,875,525	1,325,525
Delinquent Interest and Penalties	600,000	938,720	338,720

**Capital Project Funds:**

The City and Board of Education's capital projects are funded through the City's Capital Budget. Funds are borrowed to finance the cost of capital improvements throughout the City and Board of Education and for the City's share of the cost for the school construction program.

The Office of Management and Budget and Controller's Office enforces budgetary controls in its administration of capital projects. All capital expenditures must be appropriate in their use as stated in the capital funds narrative. The City implemented the Capital Funds Borrowing Plan in fiscal year 2003. The plan calls for annual reviews of all outstanding capital appropriations for their importance and priority. It also defines the life of a capital appropriation and establishes procedures so that capital borrowings meet the financial parameters established in the Capital Funds Borrowing Plan. The review of capital appropriations successfully resulted in the closing out of various capital accounts when projects were completed, and funds remained unspent and un-obligated. In FY 2017, Capital Project Funds collectively had a fund balance of \$56,672,925 which was a decrease from the prior year fund balance of \$47,491,906.

**Education Grants:**

The City's Education Grant Funds reported revenues of \$135.7 million and expenses revenues and other financing sources totaling \$135.9 million for a net operating result of (\$517,235) and an ending fund balance of \$2,255,180.

**Other Special Revenue Fund:**

The City's Other Special Revenue Fund reported revenues of \$14.8 million and expenses revenues and other financing sources totaling \$16.0 million for a net operating result of (\$1,155,107) and an ending fund balance (deficit) of (\$579,530).

**Conclusion**

The preparation of this report could not have been accomplished if it were not for the dedicated service of the staffs of the Department of Finance, Office of Management and Budget and members of other City departments who assisted in its compilation. I extend my appreciation to each of these individuals, and to Mayor Toni N. Harp Board of Alders President Tyisha Walker, Finance Committee Chair Evette Hamilton and the Board of Alders for their interest and support in the conducting of the financial operations of this City in a responsible and progressive manner.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances (Deficits) of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2017**

Reconciliation of the balance sheet - governmental funds to the statement of net position:

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances (deficits)-total governmental funds (Exhibit D)	\$ 5,449,670
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.	51,319,498
Changes in some revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	(9,925,991)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	3,222,177
Changes in some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	(81,710,720)
Internal service funds had been used previously by management to charge the costs of liability and medical insurance to individual funds. The amount represents the net impact of the closure of these as of July1, 2016.	<u>(967,773)</u>
Change in net position of governmental activities (Exhibit B)	<u>\$ (32,613,139)</u>

See notes to financial statements.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies

**Reporting entity:** The City of New Haven, Connecticut (the City) was incorporated as a City in 1784. The City covers an area of 21.1 square miles, and is located 75 miles east of New York City. The City operates under a Mayor-Board of Aldermen form of government and provides a full range of services including public safety, roads, sanitation, health, social services, culture and recreation, education, planning, zoning and general administrative services to its residents.

Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government; (2) organizations for which the primary government is financially accountable; and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Codification 2100 have been considered, as a result, the component units discussed below are included in the City's reporting entity because of their operational significance or financial relationship with the City.

**Discretely presented component units:** Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City. They are financially accountable to the City, or have relationships with the City such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. For each discretely presented component unit the potential exists for a financial burden or benefit to be imposed on the City as a result of the existence of the component unit. For the discretely presented component units included in the City's financial statements, the City, generally acting through the Mayor, appoints a voting majority of the component units' governing boards.

**New Haven Parking Authority:** The New Haven Parking Authority (the Parking Authority) was created and established in 1951 by a special act of the General Assembly of the State for the purpose of developing, maintaining, and operating parking facilities for the City. One of the individuals who serves on the Board of Commissioners of the Authority is also an employee of the City. This individual monitors the functioning of the Authority on behalf of the City and provides input from the City on various matters. All members of the Authority's Board of Commissioners are appointed by the Mayor of New Haven. Separately issued financial statements are available.

**New Haven Solid Waste and Recycling Authority:** The New Haven Solid Waste Authority is a public body politic and corporate of the state and is a political subdivision of the State established and created for the performance of the essential public and governmental function of furthering health, safety and welfare of the residents of the City. The City appoints a voting majority of the Board. Separately issued financial statements are available.

Complete financial statements of the individual component units can be obtained from their respective administrative offices

**The City adopted the following accounting standards in the current year:** GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, addresses reporting by OPEB plans that administer benefits on behalf of governments. Statement 74 addresses the financial reports of defined benefit OPEB plans that are administered through trusts that meet specified criteria. The Statement follows the framework for financial reporting of defined benefit OPEB plans in Statement 45 by requiring a statement of fiduciary net position and a statement of changes in fiduciary net position. The Statement requires more extensive note disclosures and RSI related to the measurement of the OPEB liabilities for which assets have been accumulated, including information about the annual money-weighted rates of return on plan investments. Statement 74 also sets forth note disclosure requirements for defined contribution OPEB plans. See Note 12 for additional disclosures and impact the adoption of GASB 75 will have on the net OPEB liability in the next fiscal year.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

GASB Statement No. 77, *Tax Abatement Disclosures*. This Statement establishes disclosure of information about nature and magnitude of tax abatements to allow users of the financial statements to understand 1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and 2) the impact those abatements have on a government's financial condition and economic condition. The implementation of this statement added disclosures to the financial statement. See Note 20.

GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. This standard narrows the scope and applicability of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan meeting specific criteria; establishes new guidance for these employers, including separate requirements for recognition and measurement of pension expense or expenditures and liabilities, note disclosures and required supplementary information (RSI). The implementation of this statement had no impact on the City's financial statements.

GASB Statement No. 80, *Blending Requirements for Certain Component Units – An Amendment of GASB Statement No. 14*. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, The Financial Reporting Entity, as amended. This Statement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The implementation of this statement had no impact on the City's financial statements.

**Measurement focus, basis of accounting and financial statement presentation:** The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting board for governmental accounting and financial reporting principles. These principles require that the City report government-wide and fund financial statements, which are described below.

**Government-wide and fund financial statements:** The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain discretely presented component units.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Under this method, revenues are recognized when earned and expenses are recognized when liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency fund financial statements are on the accrual basis with no measurement focus.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (60 days). Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to long-term liabilities, such as debt service payments and expenditures related to compensated absences, pension obligations and other post-employment obligations and claims and judgments, are recorded only when payment is due (matured).

Property taxes when levied for, intergovernmental revenues, when eligibility requirements have been met, charges for services, and interest associated with the current fiscal period are all considered to be measurable and so have been recognized as revenues of the current fiscal period, if available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items, primarily licenses and fees, are considered to be measurable only when cash is received.

The City reports the following major governmental funds:

The **General Fund** is the general operating fund of the City's government. The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

The **Education Grants Fund** is used to account for and report the expenditures of State and Federal grants, as well as other sources of school-based income, received for a variety of school programs.

The **Other Special Revenue Fund** is used to account for and report the expenditures of various State and Federal grants, as well as contributions, received for a variety of general programs.

The **Capital Project Fund** is used to account for and report resources that are restricted, committed or assigned for the acquisition and construction of capital facilities, including those that are financed through special assessments.

Additionally, the City reports the following fund types:

#### **Governmental Funds:**

*Special Revenue Funds:* Used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt.

*Permanent Funds:* Used to account for and report the resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### **Proprietary Funds:**

*Enterprise Funds:* Used to account for operations as follows:

- a. Financed and operated in a manner similar to private business enterprises;
- b. Where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The City's enterprise funds are its commercial and intergovernmental transactions associated with its golf course, the skating rink, and the East Rock communication tower.

##### **Fiduciary Funds:**

*Agency Funds:* Agency Funds account for monies held as a custodian for outside student and senior groups. Agency Funds use the accrual basis of accounting, and have no measurement focus.

*Pension Trust Funds:* Pension Trust Funds consist of the City Employees', the Police and Fire, and other miscellaneous retirement funds.

*Other Post Employment Benefit (OPEB) Trust Fund:* Used to account for retired City employee benefits, other than pension benefits such as medical and life insurance benefits.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between certain City functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues for the City's enterprise funds are charges to customers for services. Operating expenses for enterprise funds include the cost of operations and maintenance, provisions for doubtful accounts, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Accounting estimates:** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported and disclosures in the financial statements. Actual results could differ from those estimates.

**Cash and cash equivalents:** The City considers cash on hand, deposits, and short-term investments with an original maturity of three months or less to be cash and cash equivalents.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

**Investments:** Investments are stated at fair value,

The pension and OPEB trust funds allow for investments in certain alternative investments and commingled funds. Such investments may include private equity partnerships, hedge and absolute return funds for which there may be no readily available market to determine fair value. These investments are valued using the most recent valuation available from the external fund manager and is based on net asset value. These estimated values do not necessarily represent the amounts that will ultimately be realized upon the disposition of those assets, which may be materially higher or lower than values determined if a readily available market for the securities existed.

**Fair value:** The City uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for certain assets or liabilities. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the asset or liability.

Fair value measurements focus on exit prices in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment.

The City's fair value measurements are classified into a fair value hierarchy based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

The three categories within the hierarchy are as follows:

**Level 1:** Quoted prices in active markets for identical assets and liabilities.

**Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, interest rates and yield curves observable at commonly quoted intervals, implied volatilities, credit spreads, and market-corroborated inputs.

**Level 3:** Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flows methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment.

See Note 3 for additional information regarding fair value measures and disclosures.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

**Investments measured at the net asset value (NAV):** Investments valued using the net asset value (NAV) per share (or its equivalent) are considered "alternative investments" and, unlike more traditional investments, generally do not have readily obtainable market values and take the form of limited partnerships. The City values these investments based on the partnerships' audited financial statements. If June 30 statements are available, those values are used preferentially. However, some partnerships have fiscal years ending at other than June 30. If June 30 valuations are not available, the value is progressed from the most recently available valuation taking into account subsequent calls and distributions.

**Property taxes:** Property taxes are assessed as of October 1, and are levied on the following July 1. Real estate and personal property taxes are due in two installments on July 1 and the following January 1. Motor vehicle taxes are payable on July 1 and supplemental motor vehicle taxes are payable on January 1. Liens are filed on delinquent real estate taxes within one year. Revenues from property taxes are recognized when they are levied for. For this purpose, the City considers property tax revenue to be available if it is collected within 60 days of the end of the fiscal year.

**Internal payables and receivables:** Activities between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year are referred to as either "Due To/From Other Funds" (current portion of interfund loans) or "Advances To/From Other Funds" (noncurrent portion of interfund loans). Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "Internal Balances".

**Allowance for doubtful accounts:** Accounts receivable including property taxes for the primary government are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based on past collection history and on analysis of creditor's ability to pay.

**Inventories:** All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**Restricted assets:** At June 30, 2017, the City had approximately \$44,000,000 in restricted assets. This amount relates to unspent note and bond proceeds which are to be used for the acquisition of capital assets.

At June 30, 2017, the Parking Authority had approximately \$21,000,000 in restricted assets. In accordance with the resolutions of each bond issue, certain assets of their Union Station Facility are restricted and held by a trustee for the protection of the bondholders. Additionally, certain assets of the Union Station Facility are restricted in accordance with the Lease and Funding Agreement.

**Capital assets:** Capital assets, which include land, buildings, equipment, and infrastructure assets (e.g. roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems), are reported in the governmental activities column in the government-wide financial statements. The City defines capital assets, not including infrastructure assets, as assets with an individual cost exceeding the capitalization thresholds as listed below, and an estimated useful life of one year or more. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is unavailable. Donated capital assets are recorded at acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Description	Capitalization Dollar Thresholds	Estimated Lives (Years)
Computers	\$ 5,000	5
Machinery, equipment, furniture, fixtures and other related assets	10,000	5-20
Motor vehicles	5,000	8
Land improvements	50,000	20
Buildings and other structures	50,000	50
Infrastructure	250,000	10-50

Capital assets are reported as expenditures and no depreciation expense is reported in the governmental fund financial statements.

**Compensated absences:** It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation and sick pay benefits. Vacation pay and certain sick leave benefits are accrued when incurred in the government-wide and proprietary fund type financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are generally paid out of the General Fund.

**Long-term obligations:** In the government-wide financial statements and proprietary fund types financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the unamortized bond premium or discount. Bond issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and bond principal payments are reported as debt service expenditures.

**Note 1. Summary of Significant Accounting Policies (Continued)**

**Net pension liability:** The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period. The net pension liability is reported in the statement of net position. In the governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources.

**Deferred outflows/inflows of resources:** In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports a deferred charge on refunding in this manner in the government-wide statement of net position. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The City also reports deferred outflows related to pension in the government-wide statement of net position. A deferred outflow of resources related to pension results from differences between expected and actual experience, changes in assumptions or other inputs and differences between expected and actual investment earnings. These amounts are deferred and included in pension expense in a systematic and rational manner.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The City reports a deferred inflow of resources related to pensions in the government-wide statement of net position. A deferred inflow of resources related to pension results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner. Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. Also, for governmental funds the City reports unavailable revenues from property taxes, interest on property taxes, and charges for services. These amounts are deferred and recognized as an inflow of resources (revenue) in the period during which the amounts become available, in accordance with the modified accrual basis of accounting.

**Net position:** In government-wide and proprietary fund financial statements, net position is classified in the following categories:

**Net investment in capital assets:** The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

**Restricted net position:** These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

**Unrestricted net position (deficit):** This category represents the net position of the City which is not restricted and which is not reported in the other two categories. A deficit will require future funding.

**Fund balance:** In the governmental fund financial statements, the City reports the following fund balance classifications:

**Nonspendable fund balance:** Amounts which cannot be spent either because they are not in spendable form, or because they are legally or contractually required to be maintained intact.

**Restricted fund balance:** These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.

**Committed fund balance:** This represents amounts constrained, prior to year-end, for a specific purpose by a government using its highest level of decision-making authority (City of New Haven Board of Aldermen) in the form of a resolution. Once adopted, amounts remain committed until a similar action (resolution) is taken by the Board of Aldermen to remove or revise the limitations.

**Assigned fund balance:** Amounts constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts. Under the City's fund balance policy, the City Council has by resolution authorized the Controller or Chief Accountant to assign fund balance.

**Unassigned fund balance:** The residual amount not allocated to any other fund balance category in the General Fund and any residual deficit balance of any other governmental funds.

When both restricted and unrestricted amounts are available for use, it is the City's practice to use restricted resources first. Additionally, the City would first use committed, then assigned, and lastly unassigned.

#### Other post-employment obligations (OPEB) accounting:

**OPEB Trust:** Employee contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of each plan.

**Governmental funds and governmental activities:** In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net OPEB obligation, the cumulative difference between annual OPEB cost and the City's contributions to the plan since July 1, 2007, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 45. The OPEB obligation is recorded as a noncurrent liability in the government-wide financial statements.

**Funding policy:** The City makes annual contributions based on the Board of Aldermen's decisions using the actuaries' recommendation.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 2. Reconciliation of Government-Wide and Fund Financial Statements

**Explanation of certain differences between the governmental fund balance sheet and the Government-wide statement of net position:** The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net position of governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds."

The details of this difference are as follows:

Bonds payable	\$ 522,453,130
Premium on bond issuance	47,996,523
GANs	56,587,951
Capital leases payable	4,274,420
Contractual obligation	7,723,314
Compensated absences	23,502,160
Accrued workers compensation	24,077,134
Retainage payable	4,716,368
Net pension liability	777,124,811
Net OPEB obligation	166,605,000
Landfill post-closure costs	450,000
Accrued claims and other	12,844,950
Other claims	9,500,000
Net adjustment to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ 1,657,855,761</u>

**Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities:**

Exhibit E presents a reconciliation of the statement of revenues, expenditures and changes in fund balances of governmental funds to the statement of activities which includes reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this difference are as follows:

Capital outlay	\$ 82,921,101
Depreciation expense	(50,038,815)
Loss on disposal of capital assets	(13,368)
Contributed capital assets	18,450,580
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 51,319,498</u>

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 2. Reconciliation of Government-Wide and Fund Financial Statements (Continued)

Another element of that reconciliation states that "the issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this difference are as follows:

Debt issued or incurred:	
Issuance of general obligation bonds	\$ (48,400,000)
Issuance of general obligation refunding bonds	(69,110,000)
Deferred loss on refunding	5,155,143
Premium on bond issuance	(19,274,478)
Principal repayments:	
Bond principal payment	195,725,838
Payment to escrow	(77,675,143)
Amortization of bond premium	4,561,149
Payment on GANS	12,237,077
Capital lease payments	858,196
Notes payable	410,000
GNHWPCA clean water fund notes	759,311
Amortization of deferred items	(1,426,983)
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u><u>\$ 3,222,177</u></u>

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds." The details of changes in various liability accounts that represent this difference are as follows:

Compensated absences	\$ (4,152,753)
Other claims	(9,500,000)
Accrued claims and other	(2,726,300)
Accrued workers' compensation	3,316,239
Retainage	1,018,121
Net pension liability	(72,723,880)
OPEB obligation	(19,898,000)
Landfill closure and post-closure	150,000
Deferred inflows of resources - pension items	(15,383,248)
Deferred outflows of resources - pension items	38,614,391
Accrued interest	(425,290)
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u><u>\$ (81,710,720)</u></u>

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 3. Cash, Cash Equivalents and Investments

**Deposits:** The City's policy for deposits other than pension plan and OPEB investments is to follow the State of Connecticut statutes. The State of Connecticut requires that each depository maintain segregated collateral in an amount equal to a defined percentage of its public deposits based upon the bank's risk based capital ratio.

**Investments:** The investment policies of the City conform to the policies as set forth by the State of Connecticut. The City does not have a custodial credit risk policy. The City's policy is to only allow prequalified financial institution broker/dealers and advisors. The City policy allows investments in the following: (1) obligations of the United States and its agencies; (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof; and (3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open-end money market funds and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Connecticut General Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the Connecticut Short Term Investment Fund.

**Interest rate risk:** The City's and the pension and OPEB plans' policies are to limit their exposure to fair value losses arising from changes in interest rates by structuring the investment portfolios so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market mutual fund, or similar investment pools.

**Concentrations of credit risk:** The City's policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific issuer.

#### **Custodial credit risk:**

**Deposits:** This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The bank balances of the Primary Government's cash accounts at June 30, 2017 were approximately \$152,700,000. The amount of the bank balances covered under federal depository insurance was \$3,907,000. The remaining \$149,793,000 of deposits was uninsured. Provisions of the Connecticut General Statutes provide for protection against loss in excess of deposit insurance by requiring all qualified public depositories to maintain segregated collateral for public deposits. As of June 30, 2017, approximately \$15,270,000 of uninsured deposits was collateralized under the provision.

The New Haven Parking Authority's bank balance totaled approximately \$25,100,000, of which approximately \$600,000 was covered by FDIC protection and the remaining \$24,500,000 is uninsured.

The New Haven Solid Waste Authority's bank balance totaled approximately \$512,000, of which approximately \$250,000 was insured and collateralized and \$2,612,000 was uninsured and uncollateralized.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 3. Cash, Cash Equivalents and Investments (Continued)

**Investments:** Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investments to or buys them for the City), the City or Plans will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's or Plan's individual investments in fixed income securities, equities, U.S treasury securities, domestic corporate bonds, foreign bonds, and U.S government agency securities are uninsured and registered securities held by a counterparty, or by its trust department or agent that are in the City's or Pension Plan's name. The City's or Plan's other investments are held in alternative investments which, because they are evidenced by contracts rather than by securities, are not subject to custodial credit risk determination. The City or the Pension and OPEB plans do not have a custodial credit risk policy for investments.

The City's Primary Government cash, cash equivalents and investments consist of the following at June 30, 2017:

Cash and cash equivalents:	
Deposits with financial institutions	\$ 141,252,663
State of Connecticut Short-Term Investment fund	3,304,795
Total cash and cash equivalents	<u>144,557,458</u>
Investments:	
General Fund:	
Corporate bonds	1,423,868
Municipal bonds	87,799
Other bond fund	289,966
Common stock	1,257,172
Total General Fund	<u>3,058,805</u>
Other nonmajor funds:	
Fixed income funds	551,709
Corporate bonds	1,717,995
Municipal bonds	105,936
Common stock	4,145,403
Total other nonmajor funds	<u>6,521,043</u>
Pension trust funds:	
Fixed income funds	9,321,728
Government agency	19,217,649
Real estate funds	2,615,651
Common stock	182,719,276
Corporate bonds	47,533,283
Mutual funds	16,085,682
Hedge funds	29,226,486
Asset-backed securities	32,973,960
Venture capital partnerships	59,666,795
Private Equity - Real estate funds	59,703,269
Total pension trust funds	<u>459,063,779</u>
Total investments	<u>468,643,627</u>
Total cash, cash equivalents and investments	<u>\$ 613,201,085</u>

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 3. Cash, Cash Equivalents and Investments (Continued)**

Cash, cash equivalents and investments are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and cash equivalents	\$ 67,982,036
Investments	9,579,848
Restricted cash	43,888,082
	<u>121,449,966</u>

Fiduciary funds:

Cash and cash equivalents	32,687,340
Investments	459,063,779
	<u>491,751,119</u>

Total cash, cash equivalents and investments	<u>\$ 613,201,085</u>
--	-----------------------

The Component Unit deposits are presented in the accompanying balance sheets as follows:

Cash and cash equivalents:

New Haven Parking Authority	\$ 4,117,858
New Haven Solid Waste Authority	3,990,728
Total deposits	<u>\$ 8,108,586</u>

At June 30, 2017, the New Haven Parking Authority cash and cash equivalents included \$21,000,000 of restricted cash and cash equivalents.

**Investments:**

**Interest rate risk:** This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the exposure of the City's debt-type investments primarily held in pension trust funds to this risk using the segmented time distribution model is as follows:

	Investment Maturities (In Years)				
	Fair Value	Less than 1	1-5	6-10	More Than 10
Real estate investments	\$ 2,615,651	\$ -	\$ -	\$ -	\$ 2,615,651
Corporate bonds	50,675,146	16,092,406	8,374,567	22,856,579	3,351,594
Fixed income funds	9,321,728	551,709	-	-	8,770,019
Government agencies	19,217,649	1,013,769	4,512,177	3,256,927	10,434,776
Municipal bonds	193,735	-	193,735	-	-
Other bond funds	289,966	289,966	-	-	-
Total	<u>\$ 82,313,875</u>	<u>\$ 17,947,850</u>	<u>\$ 13,080,479</u>	<u>\$ 26,113,506</u>	<u>\$ 25,172,040</u>

City of New Haven, Connecticut

Notes to Financial Statements

**Note 3. Cash, Cash Equivalents and Investments (Continued)**

**Credit risk:** Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The following table provides a summary of the City's investments primarily held in pension trust funds (excluding U.S. Governmental Guaranteed Obligations) as rated by a nationally recognized rating organization.

Actual Rating	Corporate Bonds	Government Agencies	Fixed Income	Municipal Bonds
AAA	\$ 228,942	\$ 9,254,336	\$ -	\$ -
AA	2,919,678	575,568	-	-
A	13,441,097	-	1,334,871	51,230
BBB	23,445,293	-	2,505,681	142,505
BB	5,720,086	-	2,589,576	-
B	4,411,283	-	2,143,065	-
CCC	59,097	-	494,984	-
Unrated	449,670	9,387,745	253,551	-
	<u>\$ 50,675,146</u>	<u>\$ 19,217,649</u>	<u>\$ 9,321,728</u>	<u>\$ 193,735</u>

### Notes to Financial Statements

#### Note 3. Cash, Cash Equivalents and Investments (Continued)

**Fair value:** The Plans categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Plans has the following recurring fair value measurements as of June 30, 2017:

	June 30, 2017	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Observable Inputs (Level 3)
Investments by fair value level:				
Common Stock	\$ 188,121,851	\$ 187,192,768	\$ 255,372	\$ 673,711
Mutual funds	16,085,682	16,085,682	-	-
Fixed income funds	9,321,728	-	-	9,321,728
Debt securities:				
Government bonds	10,962,305	115,275	10,847,030	-
Corporate bonds	47,660,854	987,026	46,582,983	90,845
U.S. Treasury	8,255,345	-	8,255,345	-
Municipal bonds	193,736	-	193,736	-
Total debt securities	67,072,240	1,102,301	65,879,094	90,845
Venture capital investments		-	-	
Exchange traded funds	59,766,888	56,766,888	3,000,000	-
Real estate funds	2,926,117	-	-	2,926,117
Total investments by fair value level	343,294,506	261,147,639	69,134,466	3,690,673
Investments measured using net asset level (NAV):				
*Private equity funds	18,147,326			
*Hedge Funds	29,226,486			
*Venture capital investments	47,898,270			
*Partnerships	11,768,525			
*Equity hedge funds	14,826,634			
Total investments measured using NAV	121,867,241			
Total investments measured at fair value	\$ 465,161,747			

\* These amounts include investments in alternative investments which invest in various types of investments. The fair value of these investments have been determined using the NAV per share of the investment.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 3. Cash, Cash Equivalents and Investments (Continued)**

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Investments Measured using NAV:				
*Private equity funds	\$ 18,147,326	\$ 1,216,095	none	none
*Partnerships	11,768,525	-	none	none
*Hedge Funds	29,226,486	2,096,235	Quarterly	various
*Venture capital investments	47,898,270	6,923,994	none	none
*Equity hedge funds	14,826,634	-	none	none
Total Investments Measured at the NAV	<u>\$ 121,867,241</u>			

**Hedge Funds** – these investments consist of limited partnerships. Hedged equity funds are designed to benefit from the stock market with considerably less risk. The own stakes in companies they expect to outperform and also sell short stocks they expect to underperform.

**Private Equity, Partnerships and Venture Capital Funds:** These limited partnerships provide for the portfolio exposure to private companies through equity and/or debt investments. Fund managers invest in private companies with the goal of enhancing value over the long-term.

**Note 4. Receivables**

Receivables at June 30, 2017 were as follows:

	General	Education Grants	Capital Projects	Other Special Revenue	Other Nonmajor Funds	Total Governmental Funds
Property taxes and interest	\$ 26,346,560	\$ -	\$ -		\$ -	\$ 26,346,560
Amount due from component unit, Yale University and other receivables	8,511,648	340,676	473,716	45,812	175,552	9,547,404
Intergovernmental	23,554,309	10,906,470	38,066,248	3,514,283	3,956,630	79,997,940
Gross receivables	58,412,517	11,247,146	38,539,964	3,560,095	4,132,182	115,891,904
Allowance for doubtful accounts	(17,615,185)	-	-	-	-	(17,615,185)
Total receivables, net	<u>\$ 40,797,332</u>	<u>\$ 11,247,146</u>	<u>\$ 38,539,964</u>	<u>\$ 3,560,095</u>	<u>\$ 4,132,182</u>	<u>\$ 98,276,719</u>

The New Haven Parking Authority, a component unit, has accounts receivable of \$1,755,282 which includes amounts due from customers for monthly parking and from tenants under lease agreements. These receivables are net of an allowance for doubtful accounts of \$744,209. The reserve method is used by the Authority based on historical experience and review of existing receivables.

The New Haven Solid Waste Authority, a component unit, has accounts receivable of \$869,248 which includes amounts due from customers for disposal of solid waste at the Authority's Transfer Station. These receivables are net of an allowance for doubtful accounts of \$46,500. The reserve method is based on historical experience and review of existing receivables.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 5. Unearned Revenue/Deferred Inflows of Resources**

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue and deferred inflows of resources reported in the governmental funds and governmental activities were as follows:

	<u>Deferred Inflows</u>	<u>Unearned</u>
General Fund:		
Taxes and accrued interest on delinquent property taxes	\$ 7,600,055	\$ -
School construction receivable	19,191,897	-
Miscellaneous receivable	2,664,098	881,145
Advance tax collection	6,455,277	-
Capital Projects Fund:		
Intergovernmental grants receivable	37,647,766	-
Other Special Revenue Fund:		
Intergovernmental grants receivable	61,600	
Nonmajor Governmental Funds:		
Miscellaneous receivable	144,375	-
Intergovernmental grants receivable	-	180,767
Total	<u>\$ 73,765,068</u>	<u>\$ 1,061,912</u>

**Note 6. Loans Receivable**

Loans receivable, net of allowance, are for amounts disbursed from U.S. Department of Housing and Urban Development grant proceeds and Economic Development Committee proceeds, which consist of direct loans that bear interest at rates ranging from 0.0 percent to 10.0 percent with maturities through June 2028.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 7. Interfund Balances and Interfund Transfers**

**Interfund balances:** As of June 30, 2017, interfund balances were as follows:

	<u>Due From</u>	<u>Due To</u>
Primary Government:		
General Fund	\$ 13,671,741	\$ -
Major Funds:		
Education grants	-	10,780,171
Other Special Revenue	-	16,351,377
Capital Projects Funds	16,927,029	-
	<u>16,927,029</u>	<u>27,131,548</u>
Other Nonmajor Funds:		
Community Development	-	1,842,843
Improvement	-	1,868,395
Human Resources	-	662,957
Other ETF	-	496
	<u>-</u>	<u>4,374,691</u>
Pension Trust Funds	<u>926,715</u>	<u>-</u>
Enterprise Funds	<u>4,652</u>	<u>23,898</u>
Total primary government	<u>\$ 31,530,137</u>	<u>\$ 31,530,137</u>

All balances result from a time lag between payment and reimbursement occurring between funds. All amounts are expected to be collected within one year.

**Interfund transfers:** For the year ended June 30, 2017, amounts transferred between funds were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$ 381,936
Education Grant Funds	-	283,914
Capital Projects Funds	283,914	-
Other nonmajor governmental funds	381,936	-
	<u>\$ 665,850</u>	<u>\$ 665,850</u>

All transfers result from budgetary appropriations.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 7. Interfund Balances and Interfund Transfers (Continued)**

Transfers from Enterprise Funds were to reimburse Capital Projects Funds for capital expenditures on behalf of Enterprise Funds. Transfers from the General Fund to the Education Grant Funds were for various education programs including a transfer to the Cafeteria Program. Transfers from the Capital Projects Fund to Other Nonmajor Funds was for various small improvement projects.

**Note 8. Capital Assets**

Capital asset activity for the year ended June 30, 2017 is as follows:

Governmental activities:	Beginning Balance	Increases	Decreases	Transfers In/Out	Ending Balance
Capital assets, not being depreciated:					
Land	\$ 44,140,306	\$ -	\$ -	\$ -	\$ 44,140,306

**2016 general obligation refunding bond in-substance defeasance:** On August 17, 2016, the City issued \$69,110,000 of general obligation refunding bonds with interest rates of 2% to 5%, of which the proceeds were used to advance refund the outstanding principal amounts of the general obligation bonds of the City (the Refunding Bonds). Net proceeds of \$77,675,143 was placed in an irrevocable trust under an Escrow Agreement dated August 2016 between the City and the Escrow Holder. The Escrow Holder used the proceeds to purchase a portfolio of primarily non-callable direct obligations of the United States of America (Government Obligations). The Government Obligations will have maturities and interest rates sufficient to pay principal and interest payments and redemption premiums on the Refunding Bonds on the date the payments are due.

The City advance refunded the above bonds to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$3,933,274, and a cash savings of \$3,781,479 between the old debt payments and the new debt payments. The balance of the defeased bonds was approximately \$24 million at June 30, 2017. As a result, the refunded bonds are considered defeased and the liability has been removed from the basic financial statements.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 9. Long-Term Liabilities (Continued)**

***In-substance defeasance – prior years:*** In prior years, the City has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City’s government-wide financial statements. As of June 30, 2017, the amount of defeased debt outstanding, but removed from the City’s government-wide financial statements, is approximately \$158,240,000.

**General obligation bonds:** The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. During the year, general obligation bonds totaling \$117,510,000 were issued, \$48,400,000 of which is for various capital projects and \$69,110,000 of which is refunding bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as 15-year or 20-year serial bonds, and are payable from taxes levied on all taxable property located within the City. The City has not pledged any assets as collateral for general obligation bonds. General obligation bonds currently outstanding are as follows:

Purpose/Maturity	Interest Rate	Governmental Activities
General Purpose Bonds: Maturity Dates Ranging From August 2017 to August 2031	2.00-5.7%	\$ 282,792,900
School Bonds: Maturity Dates Ranging From August 2017 to August 2031	.34-5.7%	214,940,744
Urban Renewal Bonds: Maturity Dates Ranging From August 2017 to August 2031	2.00-5.7%	24,719,486
		<u>522,453,130</u>
Less current portion		40,347,523
Long-term portion		<u><u>\$ 482,105,607</u></u>

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 9. Long-Term Liabilities (Continued)

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year ending June 30:	Principal	Interest
2018	\$ 40,347,523	\$ 24,073,422
2019	43,097,001	22,167,079
2020	44,555,841	20,119,067
2021	44,322,765	18,079,413
2022	42,475,000	15,996,397
2023 through 2027	170,330,000	51,875,914
2028 through 2032	93,105,000	21,204,464
2033 through 2037	44,220,000	4,413,938
	<u>\$ 522,453,130</u>	<u>\$ 177,929,694</u>

Qualified Zone Academy Bonds (QZAB) were issued pursuant to Section 1397E of the Internal Revenue Code. As such, a tax credit will be offered to the security provider and the City receives a reduction in interest payments. The QZAB's are general obligation bonds and require that annual payments be made to an escrow account where the City is guaranteed a fixed interest rate. On the termination date, these payments, together with the interest earnings, will be used to satisfy the Bonds. These bonds are included in general obligation bonds and the related debt service requirements.

**School bond reimbursements:** The State of Connecticut reimburses the City for eligible principal and interest costs of the capital improvement bond issues used for school reconstruction. The amount of such reimbursements for the year ended June 30, 2017 was approximately \$4,916,000. The City expects to receive approximately \$19,191,897 in principal payments and approximately \$1,708,000 in interest payments over the next 13 years.

**Bonds authorized/unissued:** At June 30, 2017, the City had approximately \$216,255,187 in bonds authorized but unissued. This amount has been authorized solely for school construction bonds as of June 30, 2017.

**Conduit debt:** The City has issued limited obligation industrial revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Accordingly, the bonds and related receivables are not reported in the general purpose financial statements.

As of June 30, 2017, there was one series of limited obligation industrial bonds outstanding, with an aggregate principal amount of approximately \$3,580,000.

**Clean Water Fund notes – GNHWPCA:** The City entered into a cost-sharing agreement with the Greater New Haven WPCA with respect to the Clean Water Fund Program. The notes bear interest at 2.00 % annually.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 9. Long-Term Liabilities (Continued)**

**Grant anticipation note:** The City of New Haven issued a general obligation note in anticipation of State grants for school construction projects under a tax-exempt revolving loan agreement. This general obligation note can accommodate the issuance of up to \$70,000,000 of grant anticipation notes under the revolving loan agreement, with an interest rate of 2.03%, which expires on May 26, 2020.

**Tax anticipation notes:** Tax anticipation notes activity was as follows:

Beginning balance, July 1, 2016	\$ -
Issuances	33,300,000
Retired/Matured	(33,300,000)
Ending balance, June 30, 2017	<u><u>\$ -</u></u>

On July 27, 2017, the City issued \$33,300,000 of tax anticipation notes with an interest rate of 2.50%, which was due and paid in full on May 18, 2017.

**Revenue bonds—component units:** On August 1, 2014 the Authority issued \$9,900,000 in Parking System Revenue Bonds, Series 2014. A portion of the proceeds were used to advance refund \$4,705,393 of Parking System Revenue Bonds, Series 2012. The remaining proceeds will be used for capital improvements throughout the unrestricted parking facilities. The Series 2014 bonds require quarterly principal payments of \$248,000 beginning November 1, 2014 with a final principal payment of \$228,000 due August 1, 2024. The interest rate on the bonds is 2.15 percent per annum paid quarterly beginning November 1, 2014 through the maturity date of August 1, 2024.

The annual debt service requirements are as follows:

	Principal	Interest
Year ending June 30:		
2018	\$ 992,000	\$ 146,200
2019	992,000	124,872
2020	992,000	103,544
2021	992,000	82,216
2022	992,000	60,888
2023 through 2025	2,212,000	59,018
	<u><u>\$ 7,172,000</u></u>	<u><u>\$ 576,738</u></u>

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 9. Long-Term Liabilities (Continued)**

The New Haven Solid Waste Authority, a component unit of the City, also issued bonds to finance the acquisition of its solid waste facility assets. Through the New Haven Solid Waste Authority, the City has \$7,105,000 of outstanding revenue bond debt at June 30, 2017, with an interest rate of 2.524 percent.

	Principal	Interest
Year ending June 30:		
2018	\$ 570,000	\$ 179,330
2019	580,000	164,943
2020	600,000	150,304
2021	615,000	135,160
2022	630,000	119,638
2023 through 2027	3,380,000	352,478
Thereafter	730,000	18,425
	\$ 7,105,000	\$ 1,120,278

**Capital leases:** The City has entered into two lease agreements for the financing of energy conservation equipment. In 2015, the City entered into a lease agreement for master vehicle lease equipment. In 2017, the City entered into a second lease agreement for master vehicle lease equipment. These equipment leases qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception. The interest rate varies on these leases from 2.695 percent to 4.70 percent per annum.

The capitalized value of property under capital leases is approximately \$3,864,544 net of accumulated depreciation of approximately \$3,397,798 at year-end.

The future minimum lease obligations and net present value of these minimum lease payments as of June 30, 2017 were as follows:

	General Government
<u>Year ending June 30:</u>	
2018	\$ 1,217,248
2019	1,221,575
2020	1,073,008
2021	573,008
2022	498,840
Total minimum lease payments	4,583,679
Less: Amount representing interest	309,259
Present value of minimum lease payment	\$ 4,274,420

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 10. Fund Deficits**

The following funds had fund deficits as of June 30, 2017:

	<u>Fund Deficits</u>
General Fund	3,394,360
Special Revenue Funds:	
Other	579,530
Enterprise:	
Skating rink	5,546

The General Fund deficit will be eliminated with future revenues. The Skating Rink deficit will be eliminated with increased user fees. The deficit in the Special Revenue fund will be eliminated with transfers.

**Note 11. Employee Retirement Plans**

**Employee pension plans:** The City maintains two single employer contributory, defined benefit pension plans, the City Employees' Retirement Fund (CERF) and the Policemen's and Firemen's Retirement Fund. These funds cover substantially all City employees, including non-certified Board of Education employees. The City Employees' Retirement Fund was created in 1938. The Policemen's and Firemen's Retirement Fund was created in 1958 as a replacement for separate police and fire pension funds. The former Policemen's Relief Fund and the Firemen's Relief Fund were merged into the combined fund in 1990. Retirement benefits for certified teachers are provided by the Connecticut State Teachers' Retirement System. The City does not contribute to this Plan.

Terminated plan members entitled to but not yet receiving benefits	85
Active plan members	943
Total	<u><u>2,131</u></u>

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 11. Employee Retirement Plans (Continued)

**Plan description:** The City of New Haven is the administrator of a single employer Public Employee Retirement System (PERS) established and administered by the City to provide pension benefits for its employees. The PERS is considered to be part of the City of New Haven's financial reporting entity and is included in the City's financial reports as a pension trust fund. The plan does not issue stand-alone statements.

The City provides retirement benefits through a single employer, contributory, defined benefit plan. Under the Plan, all full time employees or full-time elected or appointed officers are eligible if, (1) hired before age 55 (age 60 for some employee groups); (2) not receiving benefits from or eligible for participation in any other pension plan of the City or the State of Connecticut; and (3) makes employee contributions. Employees are 100 percent vested after 10 years of service. If an employee leaves covered employment or dies before 10 years of service, accumulated employee contributions are returned without interest. The retirement benefit is calculated at 2 percent of the participant's highest average pay (average rate of pay or total earnings if greater, for the five years of service producing the highest average) for each year of service and fraction thereof up to 20 years plus 3 percent of highest average pay for each year of service and fraction thereof in excess of 20 thereafter subject to a maximum of 70 percent of highest average pay. Normal retirement age is: Age 60 or 65 (dependent on date of entry to the Plan) or earlier if the "Rule of 80" is satisfied. Benefits and contributions are established by the City and may be amended by the City.

**Contributions:** Cafeteria workers contribute 5 percent of all earnings, Public Works employees contribute 6.25 percent of all earnings, and all other employees contribute 6 percent of all earnings. The City is required to contribute the remaining amounts necessary to finance the benefits for its employees. In 2017, the City contributed approximately \$20,400,000 to the Plan.

#### Summary of significant accounting policies, plan changes and plan asset matters:

**Basis of accounting:** Plan financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which employee services are performed and are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefit payments and refunds are payable when due and payable in accordance with the terms of the Plan. See Note 3 for plan investment policies.

#### Plan provisions:

**Effective date:** January 1, 1938 and dates of subsequent amendments.

**Plan year:** July 1 through June 30.

**Employees covered:** General Fund or Water Pollution Control Authority full time employees or full time elected or appointed officers if 1) hired before age 55 (60 for some employee groups); 2) not receiving benefits from, or eligible for, participation in any other pension plan of the City or the State of Connecticut; and 3) makes employee contributions.

Coverage is automatic for such full time employees.

**Credited service:** Employment with the City prior to January 1, 1938; employment with the City after January 1, 1938 during which time employee contributions were made.

**Form of benefit payment:** Life annuity with a 50 percent survivor benefit for service pensioners and disabled pensioners.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 11. Employee Retirement Plans (Continued)

**Non-occupational disability:** Payable (after 10 years of credited service) upon medical proof of “permanently disabled from performing duties of the nature required by his job”. Benefit is equal to the service retirement benefit with a minimum equal to 50 percent (or lower percentage for members hired after age 40) of the disabled member’s rate of pay at time of disability. Benefits are subject to reductions for portions of any earnings received while disabled. Continuance of benefits are subject to periodic medical examinations.

**Occupational disability:** Same as non-occupational disability except there is no service requirement if disability arises “out of and in the course of employment”. Disability benefits are reduced by weekly Worker’s Compensation payments.

**Survivor benefits:** The benefit, payable to a qualified spouse or the qualified children of members with at least 10 years of credited service, is equal to either 50 percent of the benefit to which the member would have been entitled if he was approved for a permanent disabled pension on the date of his death, or 50 percent of the benefit the deceased member actually was receiving on his date of death. The minimum benefit, subject to only a six month service requirement, is set forth in a table based on the number of qualified survivors and the member's "highest average pay". The maximum monthly benefit in this table for average annual pay of \$16,800 or more, amounts to \$265, \$510 and \$800, respectively, when there are one, two or three or more qualified survivors. (Prior to July 1, 1990 the highest average annual pay was \$12,000 which generated maximum survivors' benefits of \$225, \$430 and \$600 respectively.)

**Death benefits:** If the accumulated employee contributions exceed the benefit payments made to a member and/or his survivors, the difference will be paid to the appropriate beneficiary, legal representative or estate in a lump sum.

**Termination benefits:** 100 percent of the accrued normal retirement benefit will be payable at age 65 for members who have completed 10 years of credited service (previously disabled members who have recovered from their disability and have not returned to work need not satisfy this 10 years of credited service requirement) and have not elected to withdraw their accumulated employee contributions. (Prior to July 1, 1980 previously disabled members had to satisfy the 10 years of credited service requirement.)

All other terminating members receive their accumulated contributions without interest in a lump sum. After March 31, 1991, members who have completed 10 years of credited service and who elect to receive their accumulated contributions instead of their accrued normal retirement benefit will also receive interest on their accumulated contributions at the rate of 3 percent compounded annually.

**Plan administration:** The City’s pension plan is separately administered by its own respective pension board. The Mayor, Controller and a City Council member serve as permanent members on all pension boards. The non-permanent Pension Board members are appointed by the Mayor and must be an active employee of their respective pension plan. The pension boards typical meet monthly or as needed to review retirement/disability requests and/or investment recommendations. The “joint pension board” which comprises of members from all pension boards meets at least quarterly with the City’s Investment Advisor to review and modify investments accordingly. Changes in investments are not effective until voted favorably by each of the pension boards.

**Concentrations:** The City does have a formal policy and their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

There are no investments in the pension plans that represent more than 5 percent of the plan’s net position as of June 30, 2017.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 11. Employee Retirement Plans (Continued)**

**Net pension liability:** The components of the net pension liability of the City at June 30, 2017 were as follows:

	City Employees' Retirement Fund	2017
Total pension liability		\$ 473,157,311
Plan fiduciary net position		161,904,465
Net pension liability		<u>\$ 311,252,846</u>
Plan fiduciary net position as a percentage of total pension liability		34.22%

**Rate of return:** For the year ended June 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was 8.18 percent. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

**Actuarial assumptions:** The total pension liability was determined by an actuarial valuation as of July 1, 2016, using the following actuarial assumptions that were projected forward to the measurement date of June 30, 2017:

	Description of Actuarial Methods
Actuarial method used:	Entry age normal cost
Remaining amortization period:	28 year closed period
Investment rate of return:	7.75%, including inflation of 2.75%
Asset valuation method:	Fair Value
Mortality basis:	
Current	RP-2014 adjusted to 2006 total Dataset mortality table projected valuation date with Scale MP -2016, set forward one year
Mortality improvement:	Projected to date of decrement using Scale MP -2016.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 11. Employee Retirement Plans (Continued)**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 are summarized in the following table:

<u>City Employees' Retirement Plan</u> <u>Asset Class</u>	<u>Target</u> <u>Allocation</u>	<u>Long-Term</u> <u>Expected Real</u> <u>Rate of Return</u>	<u>Weighting</u>
US Large Cap	19.00%	4.65%	0.88%
US Mid / Small Cap	4.00%	5.50%	0.22%
Developed International Equities	9.00%	5.50%	0.50%
Emerging Market Equity	7.00%	6.50%	0.46%
International Corporate Fixed	2.00%	2.25%	0.05%
International Government Fixed	2.00%	1.65%	0.03%
High Yield Bonds	5.00%	3.25%	0.16%
International Bonds	0.00%	2.00%	0.00%
Emerging Market Debt	5.00%	3.75%	0.19%
Money Market/ Short-Term Bonds	13.00%	0.00%	0.00%
Real Estate Core	2.00%	5.00%	0.65%
Commodities	0.00%	5.25%	0.00%
Alternatives	32.00%	5.00%	1.60%
	<u>100.00%</u>		<u>4.74%</u>
Long-Term Inflation Expectation			<u>2.75%</u>
Long-Term Expected Nominal Return			<u>7.49%</u>

**Discount rate:** The discount rate used to measure the total pension liability as of June 30, 2017 was 7.75 percent. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that the City of New Haven contributes at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members (retired and active employees who qualify under the Plan) and their beneficiaries are included.

Based on the plan's current contribution policy, the plan's net fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, since the fund is not projected to run out of money, the 7.75 percent interest rate assumption was used to discount plan liabilities.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 11. Employee Retirement Plans (Continued)**

**Changes from prior valuation:** The investment return assumption has been changed from 8.00 percent to 7.75 percent.

**Sensitivity of the net pension liability to changes in the discount rate:** The following presents the net pension liability of the City of New Haven City Employees' Retirement Plan, calculated using the discount rate of 7.75 percent as well as what the City of New Haven City Employees' Retirement Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

City Employees' Retirement Fund	1% Decrease Rate 6.75%	Current Discount Rate 7.75%	1% Increase Rate 8.75%

**Notes to Financial Statements**

**Note 11. Employee Retirement Plans (Continued)**

For the year ended June 30, 2017, the City recognized pension expense of \$32,801,164. As of June 30, 2017, the City's reported deferred outflows of resources related to pensions in the statement of net position from the following sources:

City Employees' Pension Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 221,740	\$ (15,383,248)
Changes of assumptions	19,820,334	-
Net difference between projected and actual earnings on pension plan investments	16,161,258	-
Total	<u>\$ 36,203,332</u>	<u>\$ (15,383,248)</u>

Amounts reported in deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	City Employees' Pension Plan
Year ended June 30:	
2018	\$ 8,491,142
2019	8,491,144
2020	3,960,961
2021	(123,163)
2022	-
Thereafter	-

**Policemen and Firemen Retirement Fund:**

**Plan membership:** Membership in the plan consisted of the following at July 1, 2016, the date of the last actuarial valuation:

Retirees and beneficiaries receiving benefits	1,275
Terminated plan members entitled to but not yet receiving benefits	7
Active plan members	634
Total	<u>1,916</u>

**Plan description:** The City of New Haven is the administrator of a single employer Public Employee Retirement System (PERS) established and administered by the City to provide pension benefits for its employees. The PERS is considered to be part of the City of New Haven's financial reporting entity and is included in the City's financial reports as a pension trust fund. The plan does not issue stand-alone statements.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 11. Employee Retirement Plans (Continued)

The City provides retirement benefits through a single employer, contributory, defined benefit plan. Under the Plan, all policemen and firemen are eligible. Employees are 100 percent vested after 10 years of service. If an employee leaves covered employment or dies before 10 years of service, accumulated employee contributions are returned without interest. Normal Retirement Age is after 20 years of continuous service, 25 years for new hires. Benefits and contributions are established by the City and may be amended by the City.

#### Summary of significant accounting policies, plan changes and plan asset matters:

**Basis of accounting:** Plan financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which employee services are performed and are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefit payments and refunds are payable when due and payable in accordance with the terms of the Plan. See Note 3 for plan investment policy.

#### Plan provisions:

**Effective date:** January 1, 1958 and dates of subsequent amendments.

**Plan year:** July 1 through June 30.

**Eligibility:** Automatic for policemen and firemen hired after December 31, 1957.

#### Employee contributions:

11 percent for Fire after July 1, 2014.

12 percent for Police effective after December 18, 2012.

In 2017, the City contributed approximately \$27,536,000 to the plan.

**Continuous service:** Uninterrupted employment with the Police or Fire Departments. Also, members may purchase up to 5 years sick leave credit at retirement.

**Service retirement date:** 20 years of continuous service. 25 years for Police hired after 12/18/2012.

**Mandatory retirement date:** Age 67 with no service requirement (was 65).

**Final average pay:** Average total annual earnings for the 4 highest plan years of earnings (was 5 years for Police prior to July 1, 2004 and for Fire prior to July 1, 2006), or budgeted annual salary at time of retirement, whichever is greater. Total annual earnings includes 50 percent of extra duty compensation earned on and after July 1, 1994. For Police hired after November 1, 2009, and for Fire hired after August 28, 2013, earnings include only base wages for pension purposes.

**Service retirement benefits:** For members actively employed after June 30, 1994: 2½ percent (2 percent for Police hired after 12/18/2012 and for Fire hired after 4/23/2014) of final average pay for each year of service and fraction thereof up to 20 years plus 3 percent (2.5 percent for Police hired after 12/18/2012 and for Fire hired after 4/23/2014) of final average pay for each year of service and fraction thereof in excess of 20 years all subject to a maximum of 80 percent (effective July 1, 2004: 83 percent for Police retiring with at least 30 years of actual service, if cash in 30 sick days from the sick leave payout maximum at retirement) of final average pay, 70 percent for Police hired after 12/18/2012 and for Fire hired after 4/23/2014).

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 11. Employee Retirement Plans (Continued)**

**Disability:** For a non-service connected disability 5 years of continuous service is required in order to receive a disability benefit of 50 percent of final average pay. For service connected disability there is no service requirement and there is a minimum disability benefit of 50 percent of the employee's rate of pay at time of disability.

After August 31, 1984 policemen and firemen who retire on disability with less than 13 years of service will have their disability benefits reduced if their earnings while on disability exceed a certain level. No reductions will apply after the attainment of age 65.

**Death benefits:** The monthly benefits payable to the widow and/or children are summarized as follows:

***Pre-retirement death benefit:***

1. Widow only – 50 percent (25 percent prior to July 1, 1987) of rate of pay being received at date of death;
2. Widow and one child – 60 percent (35 percent prior to July 1, 1987) of rate of pay being received at date of death; or
3. Widow and two or more children – 70 percent (45 percent prior to July 1, 1987) of rate of pay being received at date of death.

Special benefits for service connected deaths (equal to 100 percent of final salary less Worker's Compensation payments) are payable out of the City's General Fund.

***Post-retirement death benefit:***

1. Widow only - for members actively employed after June 30, 1994: 65 percent of pension being paid at date of death - for other members: 50 percent of pension being paid at date of death;
2. Widow and one child - for members actively employed after June 30, 1994: 75 percent of pension being paid at date of death - for other members: 70 percent of pension being paid at date of death; or
3. Widow and two or more children - for members actively employed after June 30, 1994: 85 percent of pension being paid at date of death for other members: 90 percent of pension being paid at date of death.

In any event, the total cumulative benefit payments paid out of the Pension Fund will amount to no less than the total contributions made by the employee to the plan.

**Termination benefits:** Subject to the following requirements, a benefit equal to 2 percent times average total earnings for the 10 highest plan years of earnings times years of actual service will be payable starting on the date the terminated member would have become eligible for a normal service pension:

1. Completed 10 years of continuous service.
2. Elected to leave his accumulated contributions in the plan.

All other members will receive their accumulated employee contributions at their date of termination.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 11. Employee Retirement Plans (Continued)

**Cost of living adjustment:** Policemen and Firemen, who retire after June 30, 1984 with a service retirement benefit which requires at least 20 years (25 years for members who retire before July 1, 1994) of service or who retire after June 30, 1984 as a result of a service connected disability with 20 years of service, and their eligible survivors will have their benefits increased or decreased every other January 1st starting on January 1, 1987 according to the U.S. Consumer Price Index subject to the following restrictions:

1. Each increase or decrease will be limited to 4 percent (2 percent for Police hires after 3/28/1997 and 1.5 percent for Police hires after 10/20/2012), (3 percent for Fire hired after 4/23/2004 and 1.5 percent for Fire hired after 4/23/2014);
2. The overall increase in benefits will be limited to 25 percent (20 percent for members who retired before July 1, 1994); and
3. The cost of living adjustments will never reduce the benefit below its original level.
4. Accumulated maximum of 25 percent for Police retirees after July 1, 2011 and were hired prior to 3/28/1997 applies, and a maximum of 10 percent applies for such Police retirees hired after 3/28/1997. Accumulated maximum of 15 percent for Fire retirees hired after 4/23/2004 and 10 percent for Fire hired after 4/23/2014. No cap for Fire if retire with 25 years.
5. The Police retiree has the option to receive 40 percent of the actuarial value of the Cost of Living feature in exchange for forgoing the COLA.

**Sick leave:** Policemen and Firemen may exchange up to 150 days of sick leave for pension credit. (30 days equal one year of pension service.) For Police hired after 7/1/2001, 50 days equal one year of pension service. Police hired after 10/20/2012 are not eligible for sick leave buyback.

**Plan administration:** The City's pension plan is separately administered by its own respective pension board. The Mayor, Controller and a City Board of Alders member serve as permanent members on all pension boards. The non-permanent Pension Board members are appointed by the Mayor and must be an active employee of their respective pension plan. The pension boards typically meet monthly or as needed to review retirement/disability requests and/or investment recommendations. The "joint pension board" which comprises of members from all pension boards meets at least quarterly with the City's Investment Advisor to review and modify investments accordingly. Changes in investments are not effective until voted favorably by each of the pension boards.

**Concentrations:** The City does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer. See Note 3 for issuer concentration.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 11. Employee Retirement Plans (Continued)**

**Net pension liability:** The components of the net pension liability of the City at June 30, 2017 were as follows:

Policemen and Firemen Retirement Fund	2017
Total pension liability	\$ 793,266,199
Plan fiduciary net position	327,394,234
Net pension liability	<u>\$ 465,871,965</u>
Plan fiduciary net position as a percentage of total pension liability	41.27%

**Rate of return:** For the year ended June 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was 13.71 percent. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

**Actuarial assumptions:** The total pension liability was determined by an actuarial valuation as of July 1, 2016, using the following actuarial assumptions that were projected forward to the measurement date of June 30, 2017:

***Description of Actuarial Methods***

Actuarial method used:	Entry age normal cost
Remaining amortization period:	28 year closed period
Asset valuation method:	Phase-in of investment gains and losses, 20% per year for 5 years
Investment rate of return:	7.75%, including inflation of 2.75%
Mortality basis:	RP-2014 adjusted to 2006 Blue Collar mortality table
Mortality improvement:	Projected to valuation date with Scale MP -2016.
Salary scale:	
Current basis:	The following adjusted table:

<u>Age</u>	<u>Rate*</u>
20	11.50%
25	10.50%
30	8.00%
35	3.90%
40	3.50%
45	3.45%
50	3.20%
55 and above	3.00%

\* Implicit inflation assumption implicit in above table = 2.75%

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 11. Employee Retirement Plans (Continued)**

***Description of Actuarial Methods***

---

Disability benefits:	The 1985 Disability Pension Study, class 4 hazardous occupations.
Overtime, longevity, and private duty:	25% load on budgeted pay for Police and 17% load on budgeted pay for Fire.
Sick leave credit:	Members who reach retirement or become disabled are assumed to purchase 3.0 years of sick leave credit (1.5 years for Police hired after 7/1/2001 and 0 for Police hired post 12/18/2012.)
Survivorship:	80% of male employees and 80% of female employees assumed married, wives 2 years younger than husbands.
Administrative expenses:	Estimated expenses are added to annual budget estimates at the time of their preparation.
COLA buy-out assumption:	0% of the eligible employees are assumed to buy out the Cost of Living provision upon retirement.

The City's funding policy is to contribute the actuary's recommended contribution each year. The contribution is calculated as the normal cost under the entry age method, plus a closed amortization of the plan's unfunded liability over 28 years from July 1, 2016, as a level percentage of pay.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 11. Employee Retirement Plans (Continued)**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Police and Firemen Retirement Plan</u> <u>Asset Class</u>	Target Allocation	Long-Term Expected Real Rate of Return	Weighting
US Large Cap	24.00%	4.65%	1.12%
US Mid / Small Cap	8.00%	5.50%	0.44%
Developed International Equities	21.00%	5.50%	1.16%
Emerging Market Equity	6.00%	6.50%	0.39%
International Corporate Fixed	5.00%	2.25%	0.11%
International Government Fixed	5.00%	1.65%	0.08%
High Yield Bonds	2.00%	3.25%	0.07%
International Bonds	1.00%	2.00%	0.02%
Emerging Market Debt	0.00%	3.75%	0.00%
Money Market/ Short-Term Bonds	5.00%	0.00%	0.00%
Real Estate Core	4.00%	5.50%	0.20%
Commodities	0.00%	5.25%	0.00%
Alternatives	19.00%	5.00%	0.95%
	<u>100.00%</u>		<u>4.54%</u>
Long-Term Inflation Expectation			<u>2.75%</u>
Long-Term Expected Nominal Return			<u>7.29%</u>

**Discount rate:** The discount rate used to measure the total pension liability as of June 30, 2017 was 7.75 percent. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that the City of New Haven contributes at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members (retired and active employees who qualify under the Plan) and their beneficiaries are included.

Based on the plan's current contribution policy, the plan's net fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, since the fund is not projected to run out of money, the 7.75 percent interest rate assumption was used to discount plan liabilities.

**Changes from prior valuation:** The investment return assumption has been changed from 8.00 percent to 7.75 percent.

City of New Haven, Connecticut

Notes to Financial Statements

Note 11. Employee Retirement Plans (Continued)

**Sensitivity of the net pension liability to changes in the discount rate:** The following presents the net pension liability of the City of New Haven Policemen and Firemen Retirement Plan, calculated using the discount rate of 7.75 percent as well as what the City of New Haven Policemen and Firemen Retirement Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

Policemen and Firemen Retirement Fund	1% Decrease Rate 6.75%	Current Discount Rate 7.75%	1% Increase Rate 8.75%

##### Connecticut State Teachers' Retirement System

All certified personnel participate in the State of Connecticut Teachers' Retirement System under Section 10.183 of the General Statutes of the State of Connecticut. These employees are eligible to receive a normal retirement benefit if he or she has: 1) attained age 60 and has accumulated 20 years of credited service in the public schools of Connecticut, or 2) attained any age and has accumulated 35 years of credited service, at least 25 years of which are served in the public schools of Connecticut.

**Description of system:** Eligible employees within the City's school system participate in a retirement system administered by the Connecticut State Teachers' Retirement Board. This Connecticut State Teachers' Retirement System (the System) is a cost sharing multiple employer defined benefit pension system with a special funding situation. As such, the City does not have a liability.

The System is considered a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained at [www.ct.gov](http://www.ct.gov).

The System is administered under the provisions of Chapter 167a of the Connecticut General Statutes (CGS). Participation in the System is restricted to certified staff employed in the public schools of Connecticut and members of the professional staff of the State Department of Education or the board of Governors of Higher Education and their constituent units. Participation in the System is mandatory for certified personnel of local boards of education who are employed for an average of at least one-half of a school day. Members of the professional staff of the State Department of Education or the Board of Governors of Higher Education and their constituent units may elect to participate in this system, the State Employees' Retirement System, or the Alternate Retirement System (TIAA-CREF).

**Summary of significant accounting policies:** For purposes of measuring the liability, deferred outflows of resources and deferred inflows of resources, and expense associated with the State's requirement to contribute to the System, information about System's fiduciary net position and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Benefits provided:** The benefits provided to participants by the System are as follows:

**Normal benefit:** A member at age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut is eligible for vested benefits of 2 percent of average annual salary times years of credited service (maximum benefit is 75 percent of average annual salary.)

**Prorated benefit:** A member who completes 10 years of Connecticut public school service is eligible for a vested benefit commencing at age 60. The benefit is 2 percent less 0.1 percent for each year less than 20 years of average annual salary times years of credited service.

**Minimum benefit:** Effective January 1, 1999, Public Act 98-251 provides a minimum monthly retirement benefit of \$1,200 to teachers who retire under the Normal Benefit provisions and who have completed at least 25 years of full time Connecticut service at retirement.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 11. Employee Retirement Plans (Continued)**

**Contribution requirements:** The pension contributions made by the State to the System are determined on an actuarial reserve basis as described in CGS Sections 10-1831 and 10-183z. Employees are required to contribute 6.0 percent of their annual salary rate to the System as required by CGS Section 10-183b (7). For the 2016/2017 school year, \$36,338,130 in mandatory contributions were deducted from the salaries of teachers who were participants of the System during that school year. The estimated covered payroll for the City is \$154,000,000.

Employers are not required to make contributions to the Plan.

**Actuarial assumptions:** The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2010 - June 30, 2015. The total pension liability was determined by an actuarial valuation as of June 30, 2016, using the following key actuarial assumptions:

Inflation	2.75 Percent
Salary increases, including inflation	3.25-6.50 Percent
Long-term investment rate of return, net of pension investment expense, including inflation	8.00 Percent

Mortality rates were based on the RPH-2014 White Collar table with employee and annuitant rates blended from ages 50 to 80, projected to the year 2020 using the BB improvement scale, and further adjusted to grade in increases (5% for females and 8% for males) to rates over age 80 for the period after the service retirement and for dependent beneficiaries as well as for active members. The RPH-2014 Disabled Mortality Table projected to 2017 with Scale BB is used for the period after disability retirement.

The long-term expected rate of return on pension investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Large Cap U.S. Equities	21.0%	5.8%
Developed Non-U.S. Equities	18.0%	6.6%
Emerging Markets (Non-U.S.)	9.0%	8.3%
Real Estate	7.0%	5.1%
Private Equity	11.0%	7.6%
Alternative investments	8.0%	4.1%
Core Fixed Income	7.0%	1.3%
High Yield Bonds	5.0%	3.9%
Emerging Market Bond	5.0%	3.7%
Inflation Linked Bond Fund	3.0%	1.0%
Cash	6.0%	0.4%
	<u>100.00%</u>	

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 11. Employee Retirement Plans (Continued)**

**Discount rate:** The discount rate used to measure the total pension liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that State contributions will be made at the actuarially determined rates in future years. Based on those assumptions, the pension’s fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on pension investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the proportionate share of the net pension liability (NPL) to changes in the discount rate:** The following presents the State’s proportionate share of the net pension liability associated with the City, calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current rate.

	1% Decrease 7.00%	Current Discount Rate 8.00%	1% Increase 9.00%
State’s proportionate share of the NPL associated with the City	\$ 654,605,398	\$ 530,596,757	\$ 425,765,069

**Pension liabilities, pension expense, and deferred inflows/outflows of resources:** The State makes all contributions to the System on behalf of employees of the participating districts. Therefore, participating employers are considered to be in a special funding situation as defined by Governmental Accounting Standards Board No. 68 and the State is treated as a non-employer contributing entity in the System. Since the districts do not contribute directly to the System, there is no net pension liability or deferred inflows or outflows to report in the financial statements of the City. The portion of the State net pension liability that was associated with the City was \$530,596,757 and 100 percent of the collective net pension liability is allocated to the State. The City has no proportionate share of the liability.

June 30, 2016 is the actuarial valuation date upon which the total pension liability is based, which is also the measurement date. For the 2016 valuation, rates of withdrawal, disability, retirement, mortality and assumed rates of salary increases were adjusted to reflect actual and anticipated experience. These assumptions were recommended as part of the Experience Study for the System for the five-year period ended June 30, 2015.

The City recognized the total pension expense associated with the City as well as revenue in an amount equal to the non-employer contributing entities’ total proportionate share of the collective pension expense associated with the City. For the fiscal year ended June 30, 2017, the City recognized \$57,863,484 as the amount expended by the State on behalf of the City to meet the State’s funding requirements in the Statement of Activities.

**Other information:** Additional information is included in the required supplementary section of the financial statements.

City of New Haven, Connecticut

Notes to Financial Statements

---

**Note 11. Employee Retirement Plans (Continued)**

**Component unit:**

**Parking authority pension plan:** Non-union, full-time employees of the Authority who have attained the age of 21 may participate in a contributory money accumulated pension plan. The Authority's contributions are calculated using 15 percent of nonunion salaries. Employees may elect to voluntarily contribute up to 16 percent of their salary. Employees vest 20 percent in the employer contribution after each full year in the plan and are fully vested after five years of participation. The Authority's contributions amounted to \$ 119,417 for the year ended June 30, 2017.

The Authority also participates in the American Federation of Labor and Congress of Industrial Organizations (AFL-CIO) Local 531 Pension Fund (the Fund). This Plan requires contributions to be made on behalf of all bargaining unit employees and all other employees on the payroll such as temporary and casual employees. Under the terms of the union agreement, the Authority's contributions to this Fund were based on 16.7 percent of union salaries.

The Authority's contributions for the year ended June 30, 2017 amounted to \$594,513.

Aggregate Pension Summary

<u>Plan</u>	<u>Net Pension Liability</u>	<u>Deferred Outflows</u>	<u>Deferred Inflows</u>	<u>Pension Expense</u>
City Employees' Retirement	\$ 311,252,846	\$ 36,203,332	\$ -	\$ 32,801,164
Police and Firemen Retirement	465,871,965	94,306,093	15,383,248	64,627,852
Total	<u>\$ 777,124,811</u>	<u>\$ 130,509,425</u>	<u>\$ 15,383,248</u>	<u>\$ 97,429,016</u>

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 12. Other Post-Employment Benefit Plans**

**Other Post-Employment Benefit Plans (OPEB):**

Membership in the Plan consisted of the following at the date of the latest actuarial valuation, July 1, 2015:

	<u>Total</u>
Inactive plan members receiving benefits	2,833
Inactive plan members not yet receiving benefits	-
Active plan members	<u>3,328</u>
Total	<u><u>6,161</u></u>

**Plan description:** The City of New Haven is the administrator of a single employer, contributory, defined benefit Other Post-Employment Benefits Plan (OPEB). The OPEB Plan provides medical coverage to eligible retirees and their spouses. The OPEB Plan also provides life insurance coverage to eligible retired School Administrators and Teachers. Eligibility under the plan varies depending on specific provisions for local unions. The OPEB is considered to be part of the City of New Haven's financial reporting entity and is included in the City's financial reports as a post-employment benefit trust fund.

**Funding policy:** The obligations of the plan members, employers and other entities are established by action of the City pursuant to applicable collective bargaining and employment agreements. The required contribution rate of the employer and the members varies depending on the applicable agreement. The City currently contributes enough money to the plan to satisfy current obligations on a pay-as-you go basis. The costs of administering the plan are paid by the City.

The OPEB obtained its latest actuarial valuation as of July 1, 2015 upon which the annual required contribution for the fiscal year ended June 30, 2017 was determined based on a 4.00% discount rate.

**Schedule of Funding Progress:**

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll (b-a)/(c)
7/01/15	\$ 338,000	\$ 557,227,000	\$ 556,889,000	0.1%	\$ 229,267,000	242.9%

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 12. Other Post-Employment Benefit Plans (Continued)**

The accrued liability is equal to the portion of the present value of future benefits that is allocated to years of service before the valuation date. The accrued liability is amortized over 30 years, as a level dollar amount open.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend rate. Amounts determined regarding the funding status of the plans and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

**Annual OPEB cost and net OPEB obligation:** The City's annual post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC). The City has engaged an actuary to calculate the ARC and related information per the provisions of GASB Statement No. 45 for employers in plans with more than 100 total plan members. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded liabilities (or funding excess) over a period not to exceed thirty years.

The calculation of the change in the net OPEB obligation for the year ended June 30, 2017 follows:

Actuarially Required

1. Contribution (ARC)	\$ 50,008,000
2. Interest on Net OPEB obligation	5,868,000
3. Adjustment To (ARC)	<u>(8,158,000)</u>
4. Annual OPEB Cost (AOC)	47,718,000
5. Contribution Made	<u>27,820,000</u>
6. Increase in Net OPEB obligation	19,898,000
7. Net OPEB obligation, beginning of year	<u>146,707,000</u>
8. Net OPEB obligation, end of year	<u><u>\$ 166,605,000</u></u>

Annual OPEB Cost and Net OPEB Obligation  
Three-Year Trend Information

Fiscal Year Ending	Annual OPEB Cost (AOC)	Annual Contribution	Percentage of AOC Contributed	Net OPEB Obligation
6/30/15	\$ 35,632,700	\$ 28,708,400	81%	\$ 138,999,300
6/30/16	\$ 36,011,000	\$ 28,303,000	79%	\$ 146,707,000
6/30/17	\$ 47,718,000	\$ 27,820,000	58%	\$ 166,605,000

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 12. Other Post-Employment Benefit Plans (Continued)**

**City Employees' Other Post-Employment Benefit Plan:**

**Eligibility:** Executive Management, Local 3144; classified employees, Local 884, Locals 68 and 71; trade employees; and cafeteria workers; custodians, and Local 217 are eligible for medical coverage upon meeting one of the following criteria:

1. 25 years of service or Rule of 80
2. 20 years with a service connected disability or
3. 15 years of service and meet total disability requirements of Social Security

Cafeteria workers must retire after 7/1/82 and still meet one of the eligibility requirements. Trade employees must retire after 7/1/87 and still meet one of the eligibility requirements.

School Administrators and Teachers must meet one of the following conditions: (1) age 50 with 25 years of service (2) age 55 with 20 years of service or (3) age 60 with 10 years of service.

Medical coverage is provided for the retiree and their spouse until they reach the age of 70, except for local 884 and local 68 who are covered through age 65. The retiree's spouse will be covered in the event of the retiree's death until the date the retiree would turn age 70, except for local 884 and local 68 who are covered through the date the retiree would turn age 65.

**Contributions:** The cost of medical coverage for eligible retirees and their spouses is as follows:

**Executive Management, Local 3144:** There is no retiree contribution for those who retired prior to July 1, 2001. Retirees on or after July 1, 2001 pay the same cost as an active participant at the time of retirement.

**Local 884, 68:** There is no retiree contribution for those who retired prior to July 1, 1998. Retirees on or after June 1, 1998 pay the same cost as an active participant at the time of retirement.

**Local 71:** There is no retiree contribution for those who retired prior to June 30, 1998. Retirees on or after June 30, 1998 pay a portion of the cost for medical coverage.

**Trade:** There is no retiree contribution for those who retired prior to June 30, 2004. Retirees on or after July 1, 2004 pay a portion of the cost for medical coverage.

**Cafeteria Workers, Local 217:** There is no retiree contribution.

**Policemen and Firemen Other Post-Employment Benefit Plan:**

**Eligibility:** Policemen and Firemen are eligible for post-employment medical coverage when they meet 20 years of service and are eligible for full pension or are disabled from active service.

Medical coverage is provided for the retiree and their spouse until they reach the age of 70. The retiree's spouse will be covered in the event of the retiree's death until the date the retiree would turn age 70.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 12. Other Post-Employment Benefit Plans (Continued)**

**Contributions:** The cost of medical coverage for eligible retirees and their spouses is dependent on the medical plan selected and the coverage level as follows:

	Century Preferred	Blue Care 1	Blue Care 2
Police - Individual	\$50/mo.	\$45/mo.	-
Police - Employee and Spouse	\$105/mo.	\$85/mo.	-
Fire - Individual	\$55/mo.	\$45/mo.	\$40/mo.
Fire - Employee and Spouse	\$110/mo.	\$85/mo.	\$80/mo.

**School Administrators' and Teachers' Other Post-Employment Benefit Plan:**

**Eligibility:** Medical coverage is provided for the retiree and their spouse until they reach the age of 65. For administrators and teachers hired before April 1, 1986, coverage may be continued for life if ineligible for Medicare. The spouse will be covered in the event of the retiree's death until the date the retiree would turn age 65.

The face amount of a life insurance policy for eligible Administrators and Teachers is \$75,000.

**Contributions:** Retirees pay a portion of the cost of medical coverage.

**GASB 74 Disclosures:** The following disclosures are required under GASB 74. The plan is considered to be part of the City's financial reporting entity and is included in the City's report as the OPEB Trust fund. The plan does not issue a stand-alone financial report.

**Investments:**

**Investment policy:** The OPEB plan has no investments, all amounts in the fund are cash or cash equivalents.

**Rate of return:** For the year ended June 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was as follows. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

	<u>OPEB Plan</u>
Rate of return	0.36%

City of New Haven, Connecticut

Notes to Financial Statements

---

**Note 12. Other Post-Employment Benefit Plans (Continued)**

**Net OPEB liability:** The components of the net OPEB liability at June 30, 2017 were as follows:

Net OPEB Liability  
as of June 30, 2017

---

Total OPEB liability	\$ 592,199,285
Plan fiduciary net position	1,594,455
Net OPEB liability	<u>\$ 590,604,830</u>
Plan fiduciary net position as a percentage of total OPEB liability	-0.27%
Covered payroll	242,050,000
Net OPEB liability as a % of covered payroll	244.00%

**Valuation date:** The July 1, 2015 actuarial valuation was used to calculate the July 1, 2015 total OPEB liability. The July 1, 2015 total OPEB liability was increased by service cost and interest and decreased by benefit payments to estimate the total OPEB liability as of June 30, 2017. The total OPEB liability as of June 30, 2017 was also adjusted to reflect any material plan changes after the valuation, if applicable.

**Actuarial assumptions:**

Valuation date:	7/1/2015
Actuarial cost method:	Entry Age Normal
Investment rate return:	4.0%, net of investment related expense
Inflation:	2.75%
Mortality:	The RP2014 adjusted to 2006 Total Dataset Mortality Table projected to valuation date with Scale MP - 2016. set forward one year,

**Assumed rate of return:** The long-term expected rate of return on OPEB plan investments was determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The assumed rate of return was 4.0%, using a 20-year high quality (AA/Aa or higher), tax exempt municipal bond yield or index rate as the fiduciary net position is not projected to have sufficient fiduciary net position to cover future benefit payments and administrative expenses.

**Discount rate:** The discount rate used to measure the total OPEB liability was 4.0%, as fiduciary net position is not projected to have sufficient fiduciary net position to cover future benefit payments and administrative expenses.

City of New Haven, Connecticut

Notes to Financial Statements

**Note 12. Other Post-Employment Benefit Plans (Continued)**

**Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates:** The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (7.75% decreasing to 4.75%) or 1 percentage point higher (8.75% decreasing to 5.75%) than the current healthcare cost trend rates.

Net OPEB Liability	Healthcare Cost Trend Rates (7.75% decreasing to 4.75%)	1.0% Decrease (6.75% decreasing to 3.75%)	1.0% Increase (8.75% increasing to 5.75%)
Net OPEB liability as of June 30, 2017	\$ 590,604,830	\$ 516,850,113	\$ 678,752,292

**Sensitivity of estimates used in calculating the net OPEB liability:** The following presents the net OPEB liability, calculated using the discount rate of 4.00% as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the rate utilized.

OPEB Plan - General City	1% Decrease 3.00%	Current Discount Rate 4.00%	1% Increase 5.00%
OPEB Plan	\$ 657,971,959	\$ 590,604,830	\$ 532,486,299

**Note 13. Commitments and Contingencies**

**General government:** The City is a defendant in various liability claims and lawsuits relating to deaths and personal injuries, civil rights violations, contractual obligations and other matters, which are incidental to performing governmental functions. The City has determined that it is probable that it has potential liability of approximately \$11,535,000 for such claims, which is recorded in the government-wide financial statements. The City's liabilities for claims and judgments were based on information available. It is reasonably possible that, as the cases evolve, the resulting estimates will be adjusted significantly in the near term.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed costs or claims, including amounts already received by the City, could become a liability of the City.

**Operating lease agreements:** The City leases office space and garage under cancelable and non-cancelable operating leases with terms extending over the next one to nine years. As of June 30, 2017, total future minimum rental payments under these leases are as follows:

Year ending June 30:	
2018	\$ 486,355
2019	486,355
2020	486,355
2021	169,170
	\$ 1,628,235

Rent expense related to these agreements amounted to approximately \$2,980,000 for the year ended June 30, 2017.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### Note 13. Commitments and Contingencies (Continued)

**Component unit:** The New Haven Parking Authority is a defendant in other litigation arising in the ordinary course of business. In the opinion of the Parking Authority's management, based upon the advice of legal counsel, the ultimate liability, if any, with respect to these matters will not be material. The Parking Authority intends to defend itself vigorously against these actions.

**Parking authority lease agreements:** The Parking Authority also leases the Granite Square Garage facility for a period of 25 years. The lease for the facility requires monthly rental payments which are based primarily upon the recovery of costs to finance the facility. This agreement was replaced by a new five-year lease agreement effective July 1, 2015. The new lease for the facility requires monthly rental payments of \$37,500 for the years ended June 30, 2017 and 2018. The monthly rental payment for the years ended June 30, 2018- 2020 shall be increased by the percentage increase in the CPI Index on March 1st of each immediately preceding lease year over the CPI Index on March 1st of the preceding lease year. The new lease also allows for the option to renew for three additional five-year terms. The estimated monthly rent at June 30, 2017 is \$37,500. The following is a schedule, as of June 30, 2017, of estimated future minimum rental payments, which are required of the Authority as lessee under this agreement:

Year ending June 30:	
2018	\$ 460,000
2019	460,000
2020	460,000
	<u>\$ 1,380,000</u>

Total Parking Authority rental expense under cancelable and non-cancelable operating leases is included in the statement of revenues, expenses and changes in fund net position and totaled approximately \$1,012,000 for the year ended June 30, 2017.

The Parking Authority, as owner, or in its capacity as agent for the City, is also the lessor under the terms of various operating leases on property owned or operated by the Parking Authority. Such leases relate to the rental of commercial space located in the Crown Street, Temple-George, Air Rights Parking Facilities and commercial space, office space, and rail property within the Union Stations Transportation Center. Leasing arrangements generally require monthly rental payments and include terms ranging from three to seven years.

**Subsidies:** The City has historically subsidized various non-related party activities through General Fund expenditures for development. The amount subsidized for fiscal-year-ended June 30, 2017 was approximately \$425,000 which included approximately \$325,000 for Tweed-New Haven Airport, and \$100,000 for the PILOT Pen tennis tournament. The Shubert and Tweed-New Haven Airport also receive a favorable lease agreement of \$1 per year for occupying City owned property. These expenditures are approved annually by the Board of Aldermen during the budgetary meetings.

#### Note 14. Landfill Post Closure Care Cost

State and federal laws and regulations require that the City place a final cover on its closed landfill and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The estimated total current cost of the landfill post-closure care, aggregating \$450,000, is based on the amount estimated to be paid for all equipment, facilities and services required to close, monitor and maintain the landfill as of June 30, 2017. However, the actual cost of post-closure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 15. Risk Management**

The City is self-insured for property, general and automobile liability, workers' compensation and employee health. Workers' compensation and employee health are administered by private insurance companies. The liability is reported in the government-wide statements. Losses in the amount of \$1,000,000 or more for property, general and automobile liability are covered by insurance.

The City contracts with a private insurance company to administer workers' compensation claims and provide an actuarial estimate of claims payable as of June 30, 2017. The liability for workers' compensation, heart and hypertension not expected to be paid with current available resources is reported in the government-wide statements in the amount of \$ 27,077,134 with a discount rate of 4 percent. Employee health claims not expected to be paid with current available resources is reported in the government-wide statements in the amount of approximately \$ 7,990,450.

Claims and claims incurred but not reported are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Coverage has not been reduced, nor have settled claims exceeded commercial coverage in any of the past three years.

Changes in the balances of claim liabilities during the past two years are as follows:

Fiscal Year Ended	Self-Insurance Reserve			
	Claims Payable July 1	Claims and Changes in Estimates	Claims Paid	Claims Payable June 30
2017	\$ 3,823,000	\$ 13,889,245	\$ 3,357,745	\$ 14,354,500
2016	3,823,000	1,743,946	1,743,946	3,823,000

**City of New Haven, Connecticut**

**Notes to Financial Statements**

---

**Note 16. Related Party Transactions**

**New Haven Parking Authority:** The City conducts activity with the New Haven Parking Authority (the Parking Authority). One of the individuals who serves on the Board of Commissioners of the Parking Authority is also an employee of the City. This individual monitors the functioning of the Parking Authority on behalf of the City and provides input from the City on various matters. All members of the Parking Authority's Board of Commissioners are appointed by the Mayor of the City of New Haven.

Related party account balances at June 30, are as follows:

	<u>2017</u>
Accounts payable and accrued expenses to the City from the Authority	<u>\$ 154,488</u>

In March 2004, the State of Connecticut transferred ownership of several surface lots operated by the Parking Authority to the City of New Haven. The Parking Authority continued to operate these lots under an annual license agreement with the City. The Parking Authority also operated the State Street Surface lots on behalf of the City.

**Related party rental expense of the Authority:**

	<u>2017</u>
Under Air Rights	\$ 51,120
Residential lots	6,048
Sherman Tyler	101,952
Lots N & O	90,000
State Street surface lots	33,480
State and Trumbull	14,850
Orchard and Sherman	99,360
	<u>\$ 396,810</u>

During 2017, the City received a voluntary financial assistance payment of \$2,016,544 from the Parking Authority.

**Solid Waste Authority:** The City also conducts activity with the New Haven Solid Waste and Recycling Authority (the Solid Waste Authority). The Authority entered into an Asset Purchase Agreement with the City of New Haven in June 2008. Under the agreement, the City sold its Transfer Station assets and assigned all of its Transfer Station system responsibilities and liabilities to the Authority. Two officers of the Solid Waste Authority are also employees of the City. These individuals function as activity monitors for the City and provide input from the City on various matters. All members of the Solid Waste Authority's Board are appointed by the Mayor of the City of New Haven.

**City of New Haven, Connecticut**

**Notes to Financial Statements**

**Note 16. Related Party Transactions (Continued)**

Related party activity of the Authority at June 30, 2017 is as follows:

Operating revenue received by Authority from the City for services	<u>\$ 2,778,054</u>
--	---------------------

**Note 17. Subsequent Events**

The City issued \$25,000,000 in general obligation tax anticipation notes on July 19, 2017. The notes bear interest of 2.50% and mature on May 15, 2018.

The City issued \$76,715,000 general obligation bonds on August 3, 2017 at interest rates ranging from 3.00% to 5.250%. \$43,300,000 were general obligation bonds and \$33,415,000 were general obligation refunding bonds. The general obligation bonds are payable through 2017 in annual installments ranging from \$625,000 to \$3,385,000. The refunding bonds are considered defeased and will be paid from an escrow account through 2027.

**Note 18. Fund Balances (Deficits)**

Below is a table of fund balance (deficits) categories and classifications at June 30, 2017 for the City's governmental funds:

	General Fund	Education Grants	Capital Project Funds	Other Special Revenue	Nonmajor Governmental Funds	Total
Fund balances (deficits):

There were no significant encumbrances at June 30, 2017.

## City of New Haven, Connecticut

### Notes to Financial Statements

---

#### **Note 19. Tax Abatements**

The City adopted new accounting guidance, GASB Statement No. 77, *Tax Abatement Disclosures*, effective for the year ended June 30, 2017. The new disclosure is presented below:

The City seeks to encourage the fullest use of real property located in the City. To encourage the rehabilitation of existing residential and commercial building stock and to encourage the construction of new structures the City of New Haven has established two assessment deferral programs which defer a portion of the property taxes on improvements for property owners engaging in the rehabilitation or construction of certain eligible properties.

The City Wide Assessment Deferral Program - When a property is rehabilitated or improved by new construction, the assessed value may increase because of the investments made in the property. In some cases this may deter investment. In order to encourage the fullest development of property and to encourage investment in New Haven's existing commercial and residential building stock, the City Wide Assessment Deferral Program freezes the property tax assessments on certain eligible properties at pre-construction or pre-rehabilitation values and then phases in the taxes assessed on the improvements over a period of five years

The Enterprise Zone Assessment Deferral Program - When a property is rehabilitated or improved by new construction, the assessed value may increase because of the investments made in the property. In some cases this may deter investment. In order to encourage the fullest development of property and to encourage investment in New Haven's existing commercial and residential building stock in the City's designated "Enterprise Zone", the Enterprise Zone Assessment Deferral Program freezes the property tax assessments on certain eligible properties at pre-construction or pre-rehabilitation values and then phases in the taxes assessed on the improvements over a period of seven years.

The total amount of tax abatements under the two programs was approximately \$ 8,350,000.

#### **Note 20. Governmental Accounting Standards Board (GASB) Statements**

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations.

Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements, except for GASB 75, which will most likely have a material impact, though the amount has not yet been determined:

- GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, addresses reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. Statement 75 requires governments to report a liability on the face of the financial statements for the OPEB that they provide. Statement 75 carries forward from Statement 45 the option to use a specified alternative measurement method in place of an actuarial valuation for purposes of determining the total OPEB liability for benefits provided through OPEB plans in which there are fewer than 100 plan members (active and inactive). This option was retained in order to reduce costs for smaller governments. The provisions of this Statement are effective for fiscal years beginning after June 15, 2017.

**Note 20. Governmental Accounting Standards Board (GASB) Statements (Continued)**

- GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. This Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this Statement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This Statement requires that a government recognize revenue when the resources become applicable to the reporting period. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively.
- GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.
- *GASB Statement No. 84, Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.
- *GASB Statement No. 85, Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits). The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged.
- GASB Statement No. 86, *Certain Debt Extinguishment Issues*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017.
- GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

**Note 1. Budgetary Information**

**General fund:** The Statement of Revenues and Expenditures, and Changes in Fund Balance - Budgetary Basis - Budget to Actual presented in the financial statements for the General Fund is on the budgetary basis of accounting, which is a basis of accounting other than the accrual basis and the modified accrual basis of accounting. The budgetary basis of accounting and the City's general budget policies are as follows:

- A. The budget is developed by the Mayor, and adopted by the Board of Aldermen on or before the first Monday in June. If the Board of Aldermen fails to act upon the recommended budget by the first Monday in June, the recommendations of the Mayor shall be the legal budget of the City. The Mayor may, within ten days subsequent to adoption of the budget, veto specific line items. Any veto by the Mayor may be overridden by a two-thirds vote of the Board of Aldermen.
- B. Concurrent with its submission to the Board of Aldermen, the budget is to be filed with the City Clerk. Within four business days after its filing, the clerk shall publish in a newspaper of general circulation in the City the proposed budget. The Board of Aldermen budget committee(s) shall hold at least two public hearings thereon. The first hearing shall be no later than 15 calendar days after the publication of the budget and another hearing shall be held at least 7 calendar days before the first reading by the Board of Aldermen.
- C. The Board of Aldermen can approve additional appropriations on the recommendation of the Mayor. However, the Board of Aldermen shall not reduce any item proposed by the Mayor for the payment of interest or principal on municipal debt.
- D. The total amount of the annual appropriations for any year shall not exceed the estimated income for that year.
- E. Formal budgetary integration is employed as a management control device during the year.
- F. Except for the use of encumbrance accounting and the classification of certain revenues and expenditures, budgets are adopted on a modified accrual basis of accounting.
- G. Budgeted amounts reported in the financial statements have been revised to include Board of Aldermen revisions that were approved during the 2016-2017 fiscal year. Budgetary comparison schedules are presented in the supplemental section as Required Supplemental Information.
- H. In general, all unobligated appropriations lapse at year end.
- I. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order was issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year whereas they are shown as assigned fund balance on a GAAP basis of accounting.

Classifications of certain revenues and expenditures under accounting principles generally accepted in the United States of America differ from classifications utilized for budgetary purposes.

**Note to Required Supplementary Information - Unaudited  
June 30, 2017**

---

**Note 1. Budgetary Information (Continued)**

**Special Revenue Funds:** The City does not have legally adopted annual budgets for the Special Revenue Funds. Budgets for the various special revenue funds which are utilized to account for specific grant programs are established in accordance with the requirements of the grantor agencies. Such budgets carryover until completion of the grants and, therefore, may comprise more than one fiscal year.

**Capital Projects Funds:** Legal authorization for expenditures of the Capital Projects Funds is provided by the related bond ordinances and/or intergovernmental grant agreements or Connecticut State statutes. Capital appropriations do not lapse until the purpose for which the appropriation was made has been accomplished or abandoned.

During the year ended June 30, 2017, the following line items over expended their appropriations:

Department	Amount
Chief Administrators office	\$ (11,212)
Finance	(325,873)
Information and Technology	(113,909)
Parks	(34,926)
Fire	(519,618)
Police	(876,495)
Fair rent commission	(16,963)
Youth services	(4,248)
Vacancy Savings	(1,640,607)
Employee benefits	(254,102)
Pensions	(201,672)
Self-insurance	(458,382)
Principal	(5,867,645)
Other Contractual Services/Payments	(15,121)

## **Nonmajor Governmental Funds**

### **Special Revenue Funds**

Special Revenue Funds are established in the City pursuant to State Statutes and local ordinance or resolution. Special revenue funds are a governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Fund	Funding Source	Function
Community Development	Federal grants	Housing assistance
Improvement	State, federal, other grants	Various programs
Human Resources	State and federal grants	Human Resources
Redevelopment	State and federal grants	Redevelopment project
Other ETF	Various	Various

### **Permanent Funds**

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes as defined by the grantor.

(Unaudited)**

---

## **Statistical Section - Unaudited**

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context and detail to assist in using the information in the financial statements, notes to financial statements and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

*Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.

*Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate own-source revenues (property taxes, charges for services, etc.).

*Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.

*Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.

*Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the financial reports for the relevant year.
