Special Fund Expenditure and Revenue Projection Explanation

Please note that expenditure and revenue projections contained in this report are estimates based upon preliminary information received from City Departments and Granting Agencies. Budgets reported for Fiscal Year 2018-2019 may reflect anticipated new awards that have not yet been approved by the funding agency and estimated program income not yet recognized. Funding will become available only after grant agreements have been approved, executed and budget have been entered on the City's financial accounting system, MUNIS.

Deficit Explanation

The Agencies listed below have significant budget variances that we feel warrant an explanation.

No deficits are projected.

Surplus Explanation

• If a large surplus exists in a special fund, it is usually the result of a multi-year award that is partially complete. Multi year awards are based on the completion of a project or for the operation of a particular program that extends beyond the City's fiscal year. Any remaining balances for multi-year awards will available in the following fiscal year or until the grant period has ended.
